**"Indispensable"**  
 —a word largely used in these days—may be said to accurately express, in so far as any single word can, what is the careful and considered conclusion which has been arrived at by many people who are acquainted with their health, and as a matter of course, to their happiness; and they never allow themselves to be without a supply of this valuable medicine in their homes. This latter is an excellent idea, and one worthy of imitation, for there is no doubt whatever that, as a preventive of illness—one that may be taken with confidence when pursued only an "out of sorts" feeling is experienced and before any definite ailment has developed. Beecham's Pills are a positive boon. They do good all round; they tone up the stomach, correct the action of the liver, regulate the bowels and are a powerful agent in purifying the blood. It is certainly a good plan never to be without.
