

It is said, that on Monday an express arrived at Mr. Fox's office from France, which states that a large fleet was under weigh, and proceeding from Brest, the object of which reported to be to watch the motions of Russian fleet in the Mediterranean. In consequence of this intelligence, orders were immediately sent to Portsmouth to use all possible diligence in augmenting and fitting out the Channel fleet.

Mr. Brook Watson, who is returned from his American Comandariaship, brings with him the information that every preparation is making for evacuating New York, and what is yet more important intelligence, that *every of the most cordial kind subsisted between the two armies!*

**DUBLIN, August 12.**

An evening Paper having mentioned, that the Bishop of Derry is chosen Delegate, to attend the grand provincial Volunteer Meeting, on the 8th of September next, at Dungannon, it may be said of his Lordship, if the Fact be true, that he is in a double sense a true *Church militant*. It is not improbable, that this spirited, as well as *spiritual* Bishop, will become so popular among the Volunteer Corps of the North, as to be chosen their Reviewing-general the next Summer. To see his Lordship pass the Lines in *Levon Shewers*, and receive the salutes of the respective battalions, will be a sight most novel, singular, and entertaining.

**To ELECTORS.**

A serious consideration of the following solemn oath, is most earnestly recommended to every one who intends to give his vote at the ensuing Election—lest by being taken unawares, in the instant he is called upon to vote, or by being ignorant of its very comprehensive meaning, he should be drawn in to be guilty of perjury against his God, and of betraying the laws of his country.

"I, A. Immediately after the Right Hon. EDMOND SEXTON PERY; and THOMAS SMYTH, Esq; were declared unanimously Elected, in the open Court.

Mr. PERY, moved;  
That the Thanks of the Corporation and of the City, be given to GEORGE SMYTH, Esq; our worthy Mayor, for his prudent, active, and upright Conduct, in the important Office of Chief Magistrate of the City, and particularly for his humane and generous exertions in the late severe Scarcity, with which the City was afflicted.

Which Motion was unanimously agreed to.

To the INDEPENDENT ELECTORS of the COUNTY of LIMERICK.

**I** HAVE read with no small Astonishment, an Address from Mr. MASSY, calling upon you to Support the Independence of your County, against the Schemes, Manœuvres, and Coalitions formed to subvert it; I know there cannot be a Foundation for such an Insinuation, I am not, nor have I ever been, a Party to any Scheme, Manœuvre, or Coalition, to subvert the Independence of this County—I have seen with Indignation an Attempt made of late Years, to introduce amongst you a Species of Government, which has been long the Disgrace of a Neighbouring County, but I am proud to know, that the puny Abortion has been Strangled at its Birth.—Whilst I live, I will oppose any Scheme, Manœuvre or Coalition, which can be formed to subvert the Independence of this County—I have the fairest Prospect of Success, at the approaching ELECTION, and be assured in whatever Situation I may be placed, you shall
