JOHN POTTER.

A N Advertisement having appeared in the Limerick Chronicle dated 8th June inft. fub cribed by a number of respectable names, offering a confiderable reward for the apprehenfion and conviction of three persons, alledged to have attempted an outrage, against two gentlemen under the description of Hazard Powell and George Chapman, Mignires. Mr. Malley having the highest respect for several of the names fubicribed to faid advertisement, but perfurded they have been influenced by; grofs mifrepresentations of the facts alluded to, begs leave to submit to the public, a true state of such transactions as are either partially related, or totally suppressed by the compiler of faid Advertifement. 'As to the martter of property, the subject of the present contest, between William 62d Regiment of Foot, Adju ant Robert Abra- Ryves, Efqt one of the subscribers and Mr. ham from British half-pay of the late out Massey, it would engross too much of the atten-

time of Divine Service, by delivering him a mellage to meet Mr. Ryves that very day or the next near Charleville, and supposing he had gone upon the fame errand to Grifton, were to far exasperated at this unwarrantable proceeding, that they offered some abuse to those Gentlemen and their fervants as they were returning, but from every enquiry Mr. Malley could make, the charge afferted in the advertisement of three perfons levelling and burning priming does not appear to have the least foundation, to which transaction as Mr. Maffey was an utter ftranger, and very remote at that time from the scene of action, he trulls in the candour of the Public, that notwithflanding the malignant infinuations conveyed in faid advertisement, he will not be deemed reiponlible for the intemperate zeal of a few of the populace, composed mostly of women, who were no doubt highly exasperated, by the repeated outrage, offered to Mr. Maffey by SQUIRE CHAPMAN, this last particularly after be knew Mt. Maffey was bound over .-- Impelled by motives of respect to the Public Mr. Maffey has tubmitted to their judgment this flort Retch of the foregoing transaction; but perfuaded that a paper war is the most contemptible mode of supporting a contest, he is determined to take no notice, of any future publication, refolved to fubmit the jullice of his claim to the decision of the Laws of his Country.
