of Mail coaches, that in Waterford, where they are not yet established, the most liberal subscriptions have been entered into by the nobility, merchants, and traders to perfect the Roads, to induce Government to grant what this City may probably lose by an inattention to the wretched state of the roads leading thereto.

However incredible it may appear, we can assert as a fact, that such is the rising state of Scotland, that on Wednesday the 28<sup>th</sup> of March last, the north side of Charlotte-square in Edinburgh, was sold by public auction, in different lots, for nine pounds sterling a foot in front, for the ground, independent of the fee duty.

Yesterday Wm. Wilson, of Wilson's Castle, Esq; as Foreman of a Record Jury, paid John Fitz Gerald, who detected the poison lately attempted to be given to Thompson in the City Goal, two Guineas.

This morning at 5 o'clock, John Feheen and William Shanahan were taken to Ballingarry, under a strong guard of the 28<sup>th</sup> Regiment, where they were banged pursuant to their sentence.

This day John Woulfe stood in the pillory, at the market house, pursuant to sentence, for perjury.
