From the cheap encouragement to agriculture, there will for a long time be supplies, from Great Britain and France. The emigrants from Europe are pouring in among them, and the classes receive every counter of government to bestow.

of a late capital seizure made by the Revenue officers, at which the goods had been landed, and the relative to this business, that the sums distributed to the different induce them to neglect their duties particularly mentioned in it.

at Kingsborough has been in the past.

John, Thomas Phepoe, master; Mathew Johnson, master, both of which arrived here yesterday with wines and other merchandise brought letters by which we are now quiet in that part of France, and in general highly approve the measures adopted by the King, the calling the Convention the only effect these events have in the southern districts is, a redoubled desire to oppose the external and internal of their freedom.

On vessels Robert Newenham and others, with nine others, came on the 13th of last month, daily murders and executions of young gentlemen, who had all the side of the Revolution, but in the sanguinary measures now taken to escape on board ship to the young gentlemen were seized, and them beheaded.

We hope to hear no more of that pernicious practice of washing sheep skins at the several watering-slips in this City; yesterday Mr. Russell, Clerk of the Market, seized a number of them, the owners of which were fined, agreeable to Act of Parliament.

The great benefit arising to this City and County, from the County Infirmary, has been and is daily experienced, within the course of the present week six persons have been admitted having received violent fractures in the head, and otherwise badly wounded; nor do we think it an improper regulation that no person who receives an injury in a riot, is received into the Infirmary without paying Half-a-Guinea as a fine.

The following mode has been successfully tried for the Cultivation of Potatoes, which must enrich this Kingdom most considerably, from the Farmers saving the expence of providing any of that useful article for Seed:—Potatoes from the Seed have been raised in the garden of Mr. G., in the Co. Limerick, which are said to be very good. It is directed
