 From the known activity of the greater part of the above Market Jury, upon former occasions, the Chief Magistrate will find himself effectually assisted; and Forefallers during their quarter, must seek out other modes of living than that of fattening on the spoils of the industrious Tradesman or poor Labourer.

Thursday evening 50 of the Royal Irish Artillery, under the command of Capt. Bouchier, with two six-pound Field Pieces, arrived in this City from Chapelizod. — A Squadron of the 12th Dragoons, and detachments from the 34th Regiment, and King's County Royal Militia, under the command of Col. Sir James Erskine, Col. Sir J. Parsons, and Capt. Forbes, marched at 3 o'clock in the morning, with Walter Widenham, Esq; a Justice for this County, to Kilmastulla to meet the above Field Pieces, which they escorted into town.

At 12 o'clock last night, the entire of the above military force, set out for Tulla, in the County of Clare, at the request of some of the Magistrates of said County, to prevent a Riot, which was said to be meditated as of this day.

A fire broke out last Tuesday night, in a Cabin belonging to John Green, labourer, near Donass, which burned down the same, and in which his wife and two infants unfortunately perished.
