The Governors and Governesses of the Fever Hospital, are requested to meet at Mr. Hill's house on Friday next, at 12 o'clock, to examine the Treasurer's Accounts, and transact other business of importance to the Charity.—Such persons as intend subscribing to the Hospital, are informed that the Parliamentary Year commences on the 24th instant, and are requested to pay their Subscriptions to the Treasurer, without delay. A considerable expence having been incurred in making a very useful and necessary addition to the House, there is no fund for its immediate support, till the Subscriptions now due for the ensuing year are paid in. By Act of Parliament the Governors ought to pay previous to the 24th June in each year; and as the expences of the Institution must be discharged every week, the necessity of their doing so is obvious.
