

though we are free to say, a slender foundation, we shall state the facts on which it rests:—A person of respectability, on Monday evening, received a letter from a dignified clergyman at Killala, advising, that on Thursday last a fleet of 36 sail, all three-masted vessels, were descried off Achill Head, of which several accounts were sent up to town.

We are concerned to say, that accounts yesterday came to hand of more authenticity, as well of more disagreeable import: the ship, Nine Sisters of Dublin, Symphon, on her voyage hence to Jamaica, it appears was captured in the West Indian Seas, by the Hussar French privateer, and carried into Surinam; and that the Active, Power, from Dublin to Gibraltar, has been also captured and carried into Rochelle.
