...Bouillon, which sailed on the 23...  
...packers we learn that the Lady Harrier packer,  
...Capt. Dillon, was captured on her outward-bound  
...voyage, on the 26th Nov. by le Mars French pri-  
...vateer, of 22 guns, 24 pounders, and 200 men.  
...The force being so much superior to the packet;  
...and it being impossible for her to escape by out-  
...sailing the privateer, she was obliged to strike  
...after sinking her Mail. She was carried into Co-  
...ronna on the 28th Nov. where the crew were set  
...at liberty to take the belt of their way to Lisbon,  
...and where most of them had arrived when the  
...last packet failed. We also learn that the convoy  
...from England arrived at Lisbon on the 2d and 3d  
...December, and that Lord Keith passed by for  
...Gibraltar without touching at Lisbon.  
...Several Nuns are arrived at Calais, who are  
...coming to this country.  
...There will be a creation of seven Irish Peers,  
...previously to the Union taking place.  
...The 28th regiment of foot, at Minorca, are  
...under orders to be removed to Gibraltar.  
...The regiment of York Hussars, commanded by  
...Colonel Jossa, having been recruited with a num-  
...ber of fine young Geymans since its return from  
...Jamaica, is soon to leave the Isle of Wight for  
...Lisbon, where horses are to be ready to be  
...delivered to the corps, preparatory to their being  
...embarked for foreign service.  
...A curious circumstance is said to have hap-  
...pened lately: The Sparrow Cutter took a vessel  
...entitled the Nancy, as it was going into St. Do-  
...mingo. The Nancy threw the packet of Let-  
...ters overboard. Soon after the Sparrow caught  
...a Shark upon entering in its stomach. The Spar-  
...row went with the Nancy to Jamaica.  
...The Marchioness of Wellesley is daughter to  
...the celebrated Madame Roland, who made so  
...conspicuous a figure in the early part of the  
...French Revolution.  
...According to the Gazettes of Germany, says  
...a Paris paper, the plans of the Coalition for the  
...approaching campaign are already formed. In  
...Italy, 180,000 Austrians, Neapolitans, and Pi-  
...edmontese, will act offensively, and endeavour to  
...penetrate into France by Provence and Dauphiny.  
...The Russian army, with upwards of 80,000 fight-  
...ing men, will proceed, under Marshal Suwarrow,  
...towards Switzerland and the Upper Rhine. All  
...the troops of the empire, reinforced by a great  
...number of armed peasants, and some regiments  
...of Austrians, will be employed in the siege of  
...Eysenbreitstein. At the same time the Archduke  
...Charles, at the head of 100,000 Austrians, will  
...march directly upon Luxemburg and the Meuse.  
...Twenty thousand Russians will be landed in  
...France in the departments of the West, to make  
...a diversion favourable to the general plan of  
...attack.  
...The retreat of the French to the left bank of  
...the Rhine has been celebrated with exultation in  
...the Mayennois, and in the districts through  
...which they have been driven. The altars of the  
...country and the trees of liberty have been bur-  
...ned, and the hope loudly proclaimed of seeing  
...Prince Charles enter the territory of the Re-  
...public.  
...Twenty thousand men have been detached  
...from Switzerland to reinforce the entrenched  
...French army of Italy.  
...The Royalists appear in different places in  
...force, and levy contributions in spite of the ar-  
...mistic. At Niort, they have incalculated in  
...their Proclamations two principles; the necessity  
...of having a lawful King, and that of defending  
...the country against the soldiers of Buonaparte.  
...At Earl Moira's, Castle Donnington, Mrs. Clive  
...was six years totally helpless, afflicted with the  
...Palsy; she lately heard of the amazing cures of  
...inveterate Rheumatism, Pains of the Stomach,  
...Numbness, &c. by "Witchend's Essence of Mus-  
...tard," and, with thousands more, has proved its  
...innocence and power, being restored to the perfect use  
...of her limbs, by a few boxes and bottles—The Pills

...and it has also been rumoured that some other  
...gentlemen of distinguished talents, heretofore in  
...Parliament, are likewise to be introduced.  
...Captain Jacob, of the Vinegar-hill rangers, we  
...hear, still remains a close prisoner in Wexford  
...goal, together with two privates of his corps.  
...Within the last week a treble guard has been plac-  
...ed over them.  
...His Grace the Archbishop of Dublin, has  
...been pleased to collate the Rev. John Lewis to  
...the Prebend of Howth, vacant by the resigna-  
...tion of the Rev. Mr. Kirwan, Dean of Killala.  
...Two detachments of the 40th foot, two ditto  
...of the 17th, 130 of the Cambridge, (put back  
...by bad weather) the 2d division of the Glamor-  
...gan regiment, and the 1st, 2d, and 3d battalions  
...of the 4th foot, or King's own regiment, arrived  
...yesterday, and were provided with comfortable  
...quarters by Mr. Dawson, High Constable.  
...DIED. At his house in Gardiner's row, of  
...a very short illness, Edward Bradshaw, of Terah-  
...House, in the co. Meath, Esq.—At Pombello,  
...Mrs. Catherine Morris, relict of the late Lewis  
...Morris, Esq; and daughter of Edward Archer,  
...Esq; of Mt. John.—Byrtholomew Peller, Esq;  
...formerly Surgeon in the 9th foot, and for many  
...years resident in Belfast.—Rev. Patrick Vaice,  
...an eminent Dissenting Minister, pastor of the 2d  
...congregation of Presbyterians in Belfast.

**LIMERICK.—JANUARY 15.**

Sunday last, the Elgin Fencible Regiment re-  
...ceived a route, and next morning marched hence  
...for Cashel and Rosetta; the former to be head-  
...quarters, under the command of Major Hay.  
...The 54th Regiment are to march in this day  
...and to-morrow, to do duty until further orders.  
...If ever a man lived and died without an En-  
...emy, the Rev. DEANE HOARE, (whose death was  
...hastily announced in our last) was the Man: In  
...every station his life was of the most exemplary  
...kind, and well fitted him for that state, to which  
...it has pleased God to call him. If the blessings  
...of the poor are any reward, his rewards are  
...great indeed: while Charity exists, his name  
...will be remembered with reverence; it was he  
...who planned and built the House of Industry,  
...he revived several Charitable Institutions in this  
...City; to him we are indebted for the rise and  
...success of the Limerick Infirmary, to which he  
...acted, without fee or reward, as Treasurer for  
...near 40 years, the Governors thereof presented  
...him with a handsome piece of plate in testimony  
...of their gratitude, and the House of Lords gave  
...him their most public thanks. He filled the fa-  
...ceted office of Curate of St. Mary's Parish for 45  
...years, to the full satisfaction and real benefit of  
...his Parishioners. His assiduity, his talents, and  
...his rectitude caused him to be appointed, several  
...years back, Vicar General of this Diocese; he  
...was likewise Vicar of the Union of Drishane, in  
...the County of Cork, and Rector and Vicar of  
...Mothel in the Diocese of Ossory. Thus were  
...his virtues rewarded here by temporal prefer-  
...ment, and will, no doubt, be rewarded hereafter  
...by his beneficent Almighty Creator, with the  
...glorious exalting found of, "Come thou faith-  
...ful Servant, enter thou into the Joy of thy Lord."

MARRIED. At Green-hills, Co. of Tipperary,  
...the fact of Wm. Mianchin, Esq; Charles Curtis,  
...of Muden, Co. Dublin, Esq; to Miss Anne Ham-  
...mond, daughter to John Dowdall Hammond, late  
...of this City, Esq.

DIED. Last Sunday, at Newtown Pery, very  
...much regretted by his friends and acquaintance,  
...Daniel Ryan, Esq; an extensive Merchant.
