 partake), and they both bore away at  
 and are arrived safe at this port, to re-  
 injury sustained, and I trust will get  
 three or four days, in company with  
 other armed vessels. I had left the Union  
 the evening of the 16th, to the northward  
 Dog and Bear, and bore away for St.  
 and have since come up here, in conse-  
 of hearing of the melancholy accident  
 taken place. Capt. Dormer was wound-  
 y in the action, but persevered on deck,  
 ing his crew, and personally resisting  
 mpts of the boarders. Two young Gen-  
 passengers from St. Vincent (Mr. R.  
 and Mr. Thos. Spire), behaved hand-  
 and were very active during the whole  
 fray; the former shot the Captain of  
 the vessel in the very act of jumping on board.  
 Dormer has also just reason to be satis-  
 the conduct and steadiness of the whole  
 officers and crew throughout the business.  
 been thus particular in my communication  
 being well convinced that the foisted  
 circumstances where the cannon of the ship  
 dered in a manner useless, will be gra-  
 to the underwriters, and will not pass  
 by them. Underneath I give you a  
 the unfortunate sufferers:—John Thomp-  
 son Williams, seaman, killed; Roger  
 master; William Grumly, apprentice,  
 es, Wm. Taylor, J. Jennings, J. Wil-  
 men, wounded.

 that the French squadron, so long  
 had at last shut itself up in Salonichi,  
 come the easy and certain prey to a

On Sunday night at 12 o'clock, a party of  
 armed Rebels attacked the House of one Kierly,  
 Dairyman, at Monaleen chapel, near Annacotty,  
 broke his windows and threatened to burn his  
 House and fog himself, for not selling Milk at  
 Capt. Slither's prices;—the poor Man made a  
 short resistance, and it is thought, was saved  
 from their fury by their discovering that Mr.  
 Edwards, of this City, and a Serjeant's guard of  
 the Clare Regt. was out in that neighbourhood  
 to Revenue duty, and who in all probability  
 would have given a good account of those Rebels,  
 had they delayed a few minutes longer.

 their being imposed on by the Bakers, as large
