It is now thirteen months since *Martial Law*
was proclaimed in this County, and every man
knows the imperious necessity which dictated that
seemingly harsh measure; never was tenderness
and compassion carried to such an amiable ex-
cess, as during the last year, under Sir James
Duff's mild command;—It might be said with
truth, "that Reverend Authority of late has worn
a face of Mercy more than Justice." But it is time
to rouse from our lethargy; if kindness cannot
conciliate, severity must enforce;—and every
man, who regards the peace and happiness of the
Country, will stand forward and lend his aid to
bring those cruel wretches to condign punish-
ment.—The Clergy, of all descriptions, are cal-
led upon to warn their flock of the danger of as-
sociating for any unlawful purposes.—The people
should be called upon to render praise to the
Almighty Ruler of the Universe, for the plenti-
ful harvest; and to beseech God to avert the
divine Vengeance from this ill-fated country.

A man of the name of John Comyn, Pedlar,
was found dead in his bed, at his lodgings, out-
side Thomond-gate, yesterday.

In a former Chronicle we mentioned, that the
Lord Lieutenant had changed the sentence of Robt.
Campbell, from Death to Transportation for
Life;—on the authority of one of the Members
of the General Court Martial, we correct that
paragraph, as the sentence was changed by the
Court, on their conviction, in consequence of
proofs brought forward by the unfortunate man,
that the Ammunition, &c. he had, was not inten-
ded for Rebellious purposes.

The Feather'd Tribe called Cross-Bills, which
until this Summer was unknown in this County,
but which to the expence of the Owners of Or-
chards in this County, have paid an unwelcome
visit, are natives of Norway; the mischief they
do is incredible; we have seen three of them this
week, two of which were shot by a Gentleman
at Bruff, and one by a young Gentleman of this
City.
