LIMERICK, FEBRUARY 1.

Yesterday a number of large Cannon, which arrived here last week; from England, were shipped on board boats, and sailed from our Canal, for the Fortifications erecting on the upper part of the Banks of the Shannon, and Athlone.

Yesterday a Sail-Boat, laden with Corn for this City, with four Men on board, from the West of the Co. of Clare, sunk in a squall of wind, opposite Bay-Castle, and the entire perished.

Committed to the Co. Gaol, on Monday last, by Robert Smithwick, Esq; Michael Doyle, of Pallace-Beg, Co. Limerick, charged on oath with having, on the 22d inst. committed a rape.

BIRTH.—On Monday, at Pallace-Cottage, the Lady of John Maher, Esq; of a Daughter.

DIED.—On Monday the 16th ult. at Windsor, (England) of a lingering illness, Brevet Major John Kent, of the 13th Light Dragoons, much and deservedly lamented by all who knew him: for, if steady and manly conduct, with genuine goodness of heart, be allowed to adorn an Officer, he might have been, as no doubt he often was, looked up to as a model. His death was the flow consequence of an habit relaxed in the services of his King and Country in the East and West Indies.

—A few days ago, in Clonmel, at an early part of life, James S. Mansergh, son of Nicholas S. Mansergh, Esq; of Greenane, Co. Tipperary; he fell a sacrifice to the climate of Egypt, having been an officer in the expedition to that country.—On the 1st of the night, at Fancraft, near Roscrea, very regretted, Miss Eliza Sheppard, daughter of the late Wm. Sheppard, Esq; of said place.
