LIMERICK, MARCH 17.

*Notwithstanding all the Encomiums passed on us
by our anonymous friend MUNICEPS, who seems
so highly pleased with a paragraph which appeared
under our last Limerick head, we cannot be induced
to publish his strictures.—we have gone sufficiently
far in pointing out what may become a general loss
—Personal grievances can be redressed in a diffe-
rent manner than resorting to Publick Prints;—
it was never the Characteristic of the Limerick
Chronicle, to admit such Publications.*

It is said Government have directed six new
Regiments of the Line to be raised immediately in
Ireland. The following Noblemen and Gentle-
men, it is understood, have got letters of service as
Colonels, with temporary rank : Lords Cunning-
ham, Boyle, and Mathew, the Knight of Kerry,
and Mr. Home, M. P. for the Co. Wicklow.

On Thursday night last, four Ewes, the property
of Wm. Hunt, Esq; on the Lands of Friarstown,
were barbarously ripped open, and their carcases,
with seven Lambs which they contained, left in
the field.—See Advertisement.

Last week, David Roche, of Carass, Esq; as
Foreman of a Special Jury, in the County, dis-
posed of 12 Guineas, he received, in the following
manner :—Mr. Plummer, for the relief of a Poor
Family, 4l. 11s. ; Fever Hospital, 4l. 11s. ; Co.
Debtors, 4l. 11s.
