### LIMERICK, AUGUST 8.

---

It is recommended to the Public, not to add to the inconvenience already experienced, by refusing *Silver Sixpences*,—no reason whatever can be assigned for such refusal, they being a legal tender.

A few days ago, four men, one of whom was disguised in woman's apparel, were apprehended in a rape field in the neighbourhood of New Inn, Tipperary, we believe under a suspicion of being concerned in a murder, which was perpetrated some months back, near Ballinatten. But, as we do not understand that any fact of criminality has as yet been substantially alledged against the men, the circumstance would be no otherwise worthy of present notice than as it obliges us to do justice to the vigilance of Lord Conyngham, and the adroitness of the military in seizing the persons.

Saturday, the Assizes for the County ended, and same evening the Hon. Justice Day, and Hon. Baron Smith, proceeded for Tralee.—The following persons were convicted in the County Court: Edmond Burke, and Malachy Ryan, for the murder of Simon Hammond, to be hanged; John Connell, charged with same murder, convicted of manslaughter, was burned in the hand, and Patrick Whelan, for Cow-stealing, to be transported for 7 years.

Sunday last, Mr. Watson gave two Guineas to a distressed Lady, received by him the day before, for that purpose, from George Maffy, of Glinwilliam, Esq; Foreman on a County Record Jury.
