The revenue cutter Nepean, towed by harbour the Mermaid of Dartmouth provisions, bound to Newfoundland, a few days ago, fell in with off Cape Cod, and was dismantled. Last week, a Jury was summoned under the Statute, to assess the value of land in the suburbs of Clonmel, necessary for Government to possess of barracks, and after a minute investigation of the different claims, presented by the various parties, from the land to the Terre Tenant, the value was found to contain little better than two thousand and fifty pounds—that is, of six per cent. one hundred and ten shillings an acre per annum. The hearing of the intended consecration of a Catholic Chapel in French-street, the novelty of the ceremony excited the curiosity of a Gentleman of this city to attend on an occasion so rarely incidental to our city. The dignified Prelate, the Bishop, attended by a most respectable Clerical Body, performed the grand ceremony, which was immediately followed by a High Mass, and a musical Te Deum. The solemnity of the entire procedure was very efficacious on the feelings, that never before felt sentiments more strongly in our mind. Here it must be observed, that the Edifice, though within the precincts, is ventilated by the most salutary as three elegant galleries; and a spacious entrance facilitates to it, a free ingress, in general so much wanted in Catholic Worship. The elegant Altar stands unrivalled in the city, and the entire structure displays throughout the exquisite taste of the builder.

The meeting of the Honorable Society of the Barristers, the newly appointed Archibald Hamilton, Esq. law agent to the

A few days since a man in Cork attempted to put an end to his wife's existence, by cutting her throat, to which dreadful act he was urged, it is said, by a fit of jealousy. He was immediately apprehended, and the woman we hear is not yet out of danger.

The Dutch say, the English have caught us by the Cape; but the French have rifled our pockets! On Monday se'nnight the Children of the Sunday Schools belonging to the established Church of Manchester and Salford, (England), were assembled, according to annual custom. The number brought together on this occasion was about 3000 (the whole number is 5154). Preceded by a military band of music; by the Rev. Dr. Blackburn, Warden of the Collegiate Church; by several of the Clergy, and a number of gentlemen, the children, each school forming a division, with the teachers at the head, carrying wands, proceeded to the Collegiate Church, and were there placed in proper arrangement. The service of the day was read by the Warden, and a very excellent sermon delivered on the occasion by the Rev. H. Halliwell, B. D. from the 6th c. 4th v. St. Paul's Epistle to the Ephesians,—“Bring them up in the nurture and admonition of the Lord.”
