

The General Advertiser.

LIMERICK, MAY 15.

Wednesday evening, Colonel Odell, one of our late representatives for this county, arrived at Glinn's Hotel, from London.

This day Colonel VEREKER was re-elected to represent this city in the Imperial Parliament.

The High Sheriff of the county Clare, has appointed Saturday the 23d inst. for the Election of two Knights of the Shire, to represent that county in Parliament.

The first exertion of Captain Brace's vigilance and zeal in his enlarged command, is, as the fact is represented to us, of some importance. An American ship, the Pennsylvania, Capt. Thomas, bound for New York, put into Cove on Saturday, direct from Bourdeaux. She was boarded by a boat from the Virginie and her crew examined.—In the scrutiny three foreigners of creditable appearance were discovered, who upon examination, were ascertained to be Frenchmen, and immediately from France. Passes were found in their possession, recently furnished by the French Government. The singularity of the fact attracted Captain Brace's observation to it—and upon obtaining nothing satisfactory as to their destination and views, he had them sent on board the Amsterdam store-ship, until he could learn what Government might direct to be done upon the subject.

C. M. C.

The Drabac, Therson, from this port, arrived at Portsmouth the 7th inst.

The Thistle, of and from this port, arrived safe at Liverpool the 9th inst.

Exports in full, shall appear in our next.

Liverpool unlike all other Burghs, pays instead of being paid, for its representation: more than 30,000l. are subscribed to support the nomination of the three present Candidates.

The dancing-masters have been all put in a state of requisition, to instruct a number of Election Candidates to bow gracefully to the Electors during their canvass.

The publicans say, that in the choice of Candidates, they prefer those men that are friends to measures beyond any other.
