

fortunate; more than half have received from Petersburg to the 11th inst. with advices from other situations in the Baltic, of more recent dates.

The exchange at Petersburg was from 14 to 14½, and trade was in a state of greater activity than it appears to have been by the intelligence of the preceding mail. The letters from other parts of the Baltic are less positive than the former on the subject of war, and not a syllable is said of the movements of the Prussian armies, or of the commotions in Pomerania. One letter from Stockholm says, "We have strong fears of a Continental War." A letter from Wingoe Sound announces the sailing of the homeward-bound fleet, on the 15th inst. consisting of about 120 ships.

Preparations are making at Rotterdam for the arrival of Bonaparte.

We have received Halifax papers, with others from New-York and Boston, the former to the 31st ult. and latter eight days earlier. The first contain a great number of addresses from various parts of British America to Sir George Prevost and General Hunter, anterior to their sailing in the Melampus frigate, on the 21st August.

The Boston Patriot of the 22d ult. inserts the subsequent article:

"The President is at his seat in Montpelier; Mr. Munroe, secretary of state, at Richmond; Mr. Gallatin, secretary of the treasury, at New York; Mr. Hamilton, secretary of the navy, at Carolina; Mr. Curtis, secretary of war, at other quarters than the head-quarters of Government; Mr. Cranger, at his post office, looking out for breakers; Mr. Serrurier, the French Minister, either an inmate in the President's family, or a next door neighbour; Mr. Foster, the British Minister, at Philadelphia. This is all well enough in a time of peace and national prosperity! Hail Columbia, happy land!"

Whatever may be the opinion of the American Editors, influenced by party prepossessions, the case can be no doubt that Mr. Madison and his coadjutors in office, will not come to any arrangement with the British Minister until after the meeting of Congress, on the 4th November, and we can expect to hear nothing decisive as to our relations with the United States, until Christmas.

A letter from an officer of high rank in the army of Lord Wellington, dated at head-quarters the 4th inst. states, that the whole army was then concentrated in the neighbourhood of Ciudad Rodrigo, and that the meditated grand operation could not be many days delayed, from the difficulty that must naturally be experienced in providing the necessary forage for the immense number of fine cavalry which had just arrived to co-operate in the projected enterprise. The precise nature of the operations about to be undertaken, the writer does not pretend to be acquainted with; but he expresses a persuasion from the formidable disposition that had been made of our forces, that a general engagement would very shortly take place.

Two mails arrived this morning from Anholt and Heligoland. The passengers from these places concur in stating, that a war between Russia and France is expected to break out every day, and that the first blow will be struck in Prussia, where the French troops are said to be already in motion.

**THE GENERAL ADVERTISER.**

LIMERICK—TUESDAY, OCTOBER 1, 1811.

Yesterday William Hunt, Esq. was sworn in Mayor for this city, and Denis Fitz-Gerald Mahony and Henry Watson, Esqrs. Sheriff's for the ensuing year—and Edw. Parker, junior, Esq. took the oaths as Town Clerk, in the room of Edward Parker, Esq. resigned.

Our late Mayor, Francis Lloyd, Esq. during the two years he remained in office, acquitted himself in the exercise of his duties, in a way highly beneficial to the public, and creditable to himself. In no instance did he suffer the laws to be set at defiance; but on every occasion he gave them the most strenuous support.—The police, under his auspices, was regulated in a manner which would have done credit to the metropolis, and he has left an example of uprightness and impartiality, which from the known character of his successor, we doubt not, will be strictly followed.

Yesterday a ballot took place at the Commercial Buildings, for Commissioners for the ensuing year, for the Parish of St. Michael, when the following gentlemen were elected, in the following order:—Joseph Carpenter, Esq. 107—John Howley, Esq. 100—Martin Creagh, Esq. 86—Rev. Edward Henry Hoare, 82—R. T. Murray, Esq. 82—William Fitzgerald, Esq. 74—Michael Arthur, Esq. 74.

The following notice was posted in the Coffee-room previous to the ballot:—

*A Cried.*—Having been solicited by many respectable Gentlemen to offer myself as a person qualified to be appointed one of the Commissioners of St. Michael's Parish on Monday next, I pledge myself to act to the best of my abilities to discharge the duties of such office, if I shall have the honor to be elected; and hope I will be excused for not making any personal application to my fellow parishioners for their votes on the occasion—as I think, in a matter of such importance, every Elector should exercise his judgment uninfluenced by any wish to oblige, or to indulge the views or the vanity of any person, too solicitous for the appointment.

"Limerick, Sept. 27, 1811."

On Sunday night last night last, Thos. F. Wilkinson, Esq. a Magistrate for this county, apprehended Michael Tuomy, of St. Francis's Abbey, charged with buying and selling forged notes. The public are much indebted to the activity of Mr. W. as we understand that this offender (of the gang of which Thomas Hanrahan, now under sentence of death, was one) has given such useful information as will ultimately lead to the conviction of the entire of these nefarious villains.

Yesterday, the usual appointments for the ensuing year took place at the court-house, Ennis. Donat O'Brien, Esq. was sworn High Provost; John J. Fitzgerald, Esq. re-appointed Vice Provost; and John O'Donnell, Esq. Town-clerk.

In the dreadful gales on Wednesday last, we are sorry to say, that five turf boats foundered in the Shannon, and it is mentioned three men belonging to the vessels were drowned.

The Earl Spencer cuttial flying for a convoy.

The Helena, Captain voy to the West Indi.

The Jalouse is expect raw.

The Resolute gun brig will be soon released from quarantine. Before she left Gibraltar it having been reported that the French were on their way to Malbella she was ordered to proceed thither, and to scour the coast, upon which service she proceeded at a moment's notice, and in a few hours was under the walls of Malbella. It turned out to be a false alarm, the French having only shown a small marauding party, which the apprehension of the Spaniards magnified into an army. Lieut. Keenan, a brave and experienced officer, with the Resolute, and the gun boats under his command, returned, after a vigilant inspection of the coast, upon which no enemy was to be seen. There was not a man of war at Gibraltar when the Resolute sailed.

**BIRTH**—Yesterday morning, at his seat, Ballyseeda, near this city, the lady of Michael Farnell, Esq. of a daughter.—At his lodgings, in Thomas-street, on Friday, the lady of Samuel Binion, Esq. of Waterpark, county Clare, of a son and heir.

**MARRIED**—On Saturday morning, Mr. B. Dickson, of this city, chandler, to the agreeable Miss Porter.—At Dublin, Captain Lumley, of his Majesty's ship Crocodile, to Miss Grace Douglas, youngest daughter of Vice Admiral Douglas.

**DIED**—On Friday evening, in Nicholas-street, after a tedious illness, Mr. Edward Kennefick.—At Carrick-on-Suir, on Wednesday last, William Haly, of Cork, Esq. late commander of the Fowshend revenue cruiser.—Yesterday in Bridge street, John Stritch, Esq. an old and most respectable inhabitant of this city, remarkable for his innocent and inoffensive manners, and a strict adherence to punctuality in all his dealings.—On Sunday last, suddenly, when returning from the fair of Tulla, county Clare, Mr. Edmund Molony, of Broad-street.—In Dublin, Mr. Wm. Fawcett, aged 87 years.—At Chigwell, Essex, on the 21th August, Mrs. Margaret Burnet, aged 86, widow of Thomas Burnett, Esq. of Chigwell, who was the last of the ever memorable family of Gilbert Burnett, Bishop of Salisbury, who attended Queen Mary and King William.
