THE LIMERICK ... JUNE 1.

LIMERICK—DEC. 21.

Yesterday, Patrick Barry, and John Tuohy, for the murder of Patrick Lynch; Richard Denaher, Charles Wedgworth, and Michael Dunn, for felony, were transmitted from this City to Ennis, to abide their trials at the next Assizes for the Co Clare.

On Sunday evening, at so early an hour as five o'clock, the prisoners confined in the criminal department of the County Gaol, broke the lock and chain of their prison door, seized on the sentinel, deprived him of his arms, tied his hands behind his back, and flung him into one of the cells, when they attempted their escape, but by the timely exertions of the next sentinel, and the Gaoler, James Murphy, the whole of the prisoners on that range would have decamped; however three of them effected their escape, previous to the discovery—their names are *Thos. Clements*, from Ballingarry, charged wirh burglary and felony—*John Loughane*, lately a mariner, for felony, and *Thos. Cangney*, from Croagh; the latter fellow was only on Saturday apprehended through the exertions of William Smyth, Esq and he is charged with several outrages committed in different parts of this County.

LOWER SHANNON DISTRICT ORDER.

Nenagh, Dec. 4, 1814.

Major-General Barry, previous to disembodying the 5th Garrison Battalion, feels the greatest satisfaction in expressing his full and entire approbation of their uniformly steady, soldierlike, and excellent conduct, during their stay in Ireland, and particularly since he had the honor to command this district. The few claims that have been preferred by the Regiment, prove the excellence of the interior economy established by Lieutenant-Colonel Belford, and the support that has invariably been given him by all the Officers under his command. The Major-General cannot speak in sufficiently high terms, of the unexampled sobriety and praise-worthy conduct of the regiment, during the last ten days in particular, when it may have been supposed, under the circumstances in which they were placed, some relaxation in their discipline might have taken place; but he is proud to say, that not the slightest complaint of any kind has been made to him of any individual in the corps—a conduct so highly meritorious and honorable to them, and worthy of example.

The Major-General, therefore, requests that Lt.-Colonel Belford will be pleased to accept of his warmest acknowledgments, for his care and exertions in establishing so good a system, and that he will, at the same time, communicate his best thanks to all the Officers, non-commissioned officers and privates of the regiment, with his heartiest wishes for their future happiness and welfare. When he makes his report to the Commander of the Forces, the Major-General will have to perform one of the most pleasing parts of his duty, in bestowing the just praise due to this excellent regiment.

Signed by order of Major-General Barry.

THOMAS T. WOOLDRIDGE,
Major & Adj.-Gen.

Major Mahony, who was lately appointed to succeed Major Harding, inspected the Brigade of Yeomanry in this City on Sunday last—he is at present on his Inspection thro' the County Limerick.

On Saturday last, the Rev. William Maunsell was, by the Lord Bishop, instituted to the Archdeaconry of Limerick, and on Sunday he read his assent and consent to that dignity, at the Cathedral, in this City.

The Caledonia, Capt. John Reid, laden with timber, sailed from Pictoue, North America, on the 9th Nov. arrived in this river on the 15th, and on the morning of the 16th was stranded at Labisheda Bay in the river—her mainmast was blown away and she was otherwise damaged, but which can be repaired. The vessel was attacked on Friday night by a number of armed men, who fired upon her and the crew for about three hours, from behind the fences, but the crew resisted their attack without any loss, and the desperadoes were beat off.

Upwards of 400 trees, valued at £2000, were on Friday last, during the tempest, torn up from the roots at Adare, in this County; at Tervoe, 130 gross tress, at Castletown, 200, and at Holypark, 150 trees were also blown down, and from every part of the country we hear of similar damage been sustained; 20 houses were levelled with the ground at Kilfenny common, near Adare, and the poor people residing convenient to the Shannon, were necessitated to leave their dwellings, they being all flooded—at Croagh several houses were destroyed.

We hear that the destruction on the Upper Shannon is very great—the bridge of Portumna has suffered materially, and it will require some thousands of Pounds to put it in proper repair.

On Sunday last, the Mayor held an Inquest on the body of John Hurley, who was drowned on Friday last, between Loughill and Foynes Island, during the violent storm—Verdict, "Accidental Death."
