dling and inferior samples there was but little demand and
the price fell considerably. Good Oats was sold at 1s. 6d.

NORWICH UNION

THE EQUITABLE
Having declined to grant Policies for the present,
THE NORWICH UNION

IS THE ONLY OFFICE NOW ON THAT ADMIRABLE PLAN.
THE cause assigned by the equitable Life Office for
declining to grant any more Policies for the
present is, that the Office having been so advantageous
to the Assured, it produced more business than they
were desirous of doing, and having Five Millions of
Money in one description of stock only—in fact they
begin to find the concern too unwieldy to manage,
and, as that Office, like the NORWICH UNION, is not
for the benefit of the directors, they are unwilling to
trouble themselves with any additional business, and
they think of allowing the number to contract, by
deaths, for about 15 years, what the Equitable Life
Office has done, viz. permitting the surplus to accu-
mulate annually for the benefit of the Insured, instead
of its being divided by a Company of Share holders,
is a convincing proof of what the NORWICH UNION,
both in Fire and Life, will do. Those who have for
any time been insured, at the NORWICH UNION, have
had these important advantages realized, say 50 per
Cent. returned to them on Fire, and 20 per
cent. added to their Life Policies; no other Office
can boast of benefitting the Public.—In fact, the only
Office now on the admirable Plan of the Equitable, is the
NORWICH UNION.

The Capitals now exceed £250,000.
