**B**E G leave to inform the Nobility, and Ladies and Gentlemen in general, they have just completed a new arrangement, and made great alterations, for the purpose of DISPOSING of their extensive STOCK, at very REDUCED PRICES. For the Instruction of Young Gentlemen in the Classics, Modern Languages, Belles-Letters, and the Sciences.

Reverend Doctor CAREY,

**M**OST respectfully informs his Friends and the Public, that his School will open on the 5th of January next. He avails himself of this opportunity of returning his sincere thanks to those who have supported his infant Establishment: is truly happy to find that his exertions, even in so short a period, have given general satisfaction to the Parents and Guardians of those entrusted to his care. A strict observance of the plan he has already adopted with such success in the different departments of Literature, combined with those regulations which he has made for the New Year will, he hopes, evince that he is deeply impressed with the importance and responsibility of his undertaking. His system of Education, comprising as it does, every necessary acquirement, united with the strictest attention to the morals of his pupils, will, he trusts, insure him that success which an Establishment conducted on such principles so justly claims.

Dr. CAREY has fitted up apartments for the reception of 12 Boarders, to which number he intends to limit himself.

Terms may be known by application at the Academy No. 48, Catherine-Street—or by Cards.
