Application to the Rev. RICARD LLOYD, at
Tower-Hill.
February 14, 1818.

The MAYOR requests a Meeting
of such Persons as feel interested in entre-
vouring to prevent Mendicity in this City,
at the Commercial Buildings, on MONDAY
next, at two o'clock.

We are glad to find, by the foregoing intimation
from our worthy Chief Magistrate, that some decisive
measures will be resorted to for the suppression of
Street-begging: and from the disposition of our fellow
citizens to forward so desirable an object, a full meet-
ing is confidently expected.

Saturday last, Thomas Ryan, of Boher, returning
from this city, where he had sold a pig, was followed
on his way home, robbed and murdered, and his body
dragged to the river and thrown in. John Wickham,
Esq. an active Magistrate of this County, on receiving
information of the transaction, immediately had so
close a pursuit of the murderer, that he escaped only
by swimming across the river Mulcair, in one of the
greatest floods which has been witnessed this winter.

It appears, from the average returns made from the
twelve Maritime Counties of England, that the Price
of Grain, for the six weeks preceding the 15th of Feb.
instant, will be above the rate for restricting Importa-
tions, and consequently, that the Ports will be open for
the reception of Foreign Corn during the next quarter.
The last average of Wheat quoted in The London
Gazette, which is up to the 21st January, is 53s. 11d.
being 5s. 11d. above the minimum.

replace General the Hon. M. Mathew's regt. the 98th,
and General Sir Edward Barnes' regt. the 99th, which
are ordered home, and on their arrival will be reduced.

The London Paper called the Englishman says—
“A diminution of 20,000 men has taken place in our
military establishment since the 1st of March last;
and we are assured that a further reduction of 10,000
men is in contemplation.”

Part of the 12th regt. have replaced the 84th at
Tuam.

Yesterday, the second division of the 84th regt.
under the command of Lt. Colonel Daubney, arrived
here, and continued their route for Fermoy.—The
arrival of the 1st bat. 84th is expected in England,
from India.

Major Jenkins is acting pay-master of the 84th vice
Griffin deceased.

The Integrity transport, with troops, arrived at

intends to bring in a Bill for the abolition of fees taken
on the discharge of prisoners in Ireland.

A vacancy has occurred in the representation of the
Borough of Plymouth, by Sir Benjamin Bloomfield,
Bart. being appointed Keeper to his Majesty's purse.

The North-West Circuit will commence at Long-
ford on the 3d March, before Mr. Justice Daly and
Mr. Baron McClelland.—We understand it is probable
that the Solicitor General will be sent to the North to
conduct some Government prosecutions, and in this
event Serjeant Joy will take his place on the Munster
Circuit.
