A CONSTANT

To the Proprietors of the Limerick Cl

DEAR SIRS—It is quite evident that exertion
made through the medium of the highly respect-
of my native City, to drag me into a Paper
wars the worst; and I very much fear, a young
Gentleman, to whom I have no possible enmity
reverse, is the apparent actor; while the real
I most heartily despise, and well know, lie
meanness and guilt.

Regarding the right of precedence in any
ording to my views, it is only so far of course
whoever was elected first, should remain first;
the case, it is a duty I owe myself, to state, that
of the publication in your last Paper, in the
Resolution, passed at Brown's Inn, Roscrea
December, 1817, the Hon. F. A. Prittie,
Chair, placing me second in the order of
signed William Smith, Secretary and Treasurer
ble falsehood: for I pledge my word of honor
and a Gentleman, that I stood over the Ex-Treasurer
he wrote the order of election on a sheet of
same for insertion on his book, and I heard
ately after, read out the Resolution for the A
my name first, as it was voted and carried
and it is also an undeniable fact, that at one
election, and in the first instance, I was proposed
alone, when some difference occurred as to the
election; and then another Resolution was pro-
Chair, putting my name first, and my Colleagues
which passed definitively.

No circumstance shall induce me to appear
since again in print.

I remain, dear Sirs,

Your obedient Servant,
