property, can be had at this Office.
 The Treasurer of the Fever Hospital has received for that
 charity, one guinea from Mr. Charles Stuart; and from
 I. W. 14 excellent linen night caps. I. W. may be assured
 they will be of very great service to that invaluable
 institution, as the stock of those articles, and of body linen
 in general, has greatly decreased, during the last year, from
 constant use—23 new night caps sent some days back by
 a child, were received, and acknowledged in the publication
 of the 4th inst. only as two dozen.
