On Thursday, Messrs. O'Shaughnessy and
M. Mahon, Officers of Excise, assisted by a party
of the 4th Revenue Corps, stationed at Tuilla,
under the command of Lieut. Elliott, detected, in
the Parish of Feakle, two extensive distilleries, at
full work. The stills, heads, and worms, together
with twenty barrels of malt, have been lodged in
the stores at Tuilla. On same evening they
searched some houses in Tuilla, and seized some
illicit spirits.

Wednesday night last, a numerous assemblage
of armed men proceeded to the lands of Newtown,
the estate of George Tutill, Esq. of Faha, in this
County, and visited the houses of several of his

obtained one sword and a pistol; after which
they retired in triumph towards Limerick,
in which direction they fired several shots.

in the neighbourhood of Croon, one of them

The Trades of this City, in a becoming manner,
have marked their just abhorrence of the horrid
murder of John Roughan, and in an advertisement
in this day's publication, notify, that they will join
liberally in offering a reward to bring the ruffians
concerned in this cruel murder to justice.

Mrs. Villiers, whose death we announced on
Wednesday last, has bequeathed, we understand,
a sum of money for the Building and endowment
of an Almshouse, for the residence of twelve poor
widows, to be erected upon that piece of ground,
adjoining the Church yard of St. Munchin in this
City—She has left also legacies to other Institutions
and Charities, the particulars of which we have
not yet ascertained.
