The Dysentery is very prevalent at present in
City, and in many parts of the County of
Merick.—We are told that several persons
died under it: In the City Jail there are
hiteen cases, but the patients are doing well;
ious causes are assigned, and the impurity of
ter seems to be generally attributed. — It has
been questioned, whether the very general
of illicit spirits, more particularly by the
er-orders, may not be assigned as a cause, in
manufacture of which, a considerable quan-
y of vitriol is known to be consumed.

The following is stated to be an effectual re-
dy for the Dysentery:—

Two Ounces fresh mutton suet, cut small;
o ounces lump sugar; two new-laid eggs, beat
; a grated nutmeg; half-a pint of brandy, or
old spirits, all boiled together. Adminis-
a table spoonful to an adult every half hour,
desert spoonful to a youth.

The following is a Copy of a Letter received
Mr. Gregory, by Viscount Lismore,
rman of a Meeting of Magistrates held at
r, on Tuesday, the 25th ultimo, pursuant
Requisition.

My Dear Lord—I have had the honour of
vizing your Lordship's Letter of the 5th
nclosing a Copy of the Minutes of Evidence
a before the Magistrates assembled at Caher
he 5th ultimo, respecting the Barony of Iffa
Offa West, which I have submitted to the
ds Justices; and I am directed by their
cellencies to acquaint your Lordship, That
r the fullest Consideration of the Evidence,
of the Resolutions which accompanied your
ter of the 31st ultimo, their Excellencies are
pinion, that there are not sufficient grounds
placing that Barony under the Provisions of
Peace-Preservation Act.

I have the honour to be, my dear Lord, your
faithful and humble Servant.

“WILLIAM GREGORY.

To Viscount Lismore, Shanbally.”

The decision of Government is creditable to
en, and such as we anticipated from cool and
passionate men. To Lord Lismore and the
magistrates who acted with him, the Barony of
and Offa West is deeply indebted; and we
vently hope the inhabitants of that Barony
ll, by a steady perseverance in the paths of
er, and in a dutiful obedience to the laws,
ations to merit the support and indulgence
y have obtained on this occasion.—Colonel
Porter.

DEATHS.

Scidom has a more painful task fallen to our
which this day devolves upon us, in an
numerous and highly respectable family and c
decease of Mrs. Fitz-Gibbon, wife of Thomas
Esq. and daughter of the late Gibson Fitz G
Ballysodan, near this City. Ten days since,
and devoted Lady, now no more, enjoyed in
her afflicted family, that health, which to most
seemed to promise a long continuance, but
this short period, has been blasted and withered
of death. To those labouring under any
dictates of her head and heart were ever read
band, to relieve the necessities of her distress
fellow-creatures, ever mindful of their being
the same precious blood, and who will now be
a constant and kind benefactress. Scarce was
aimed, than struck the deadly blow. Languid
the successive shocks of her disease, no
impatience or distrust fell from her expli-
cain and resigned, she returned her spirit back
who gave it; and on her dying bed, surround-
weeping friends, she breathed her last, trusting
of Jesus CHRIST, with the sweet and comfort
of these words impressed upon her soul: “W
