"Your manner of expressing your concurrence in the Resolution of the Committee, is to me most flattering and kind; in after years the recollection of the approbation of my associates in the labours of 1822, will be THAT most grateful to my hourt,

BILIOUS AND LIVER COMPLAINTS. S a mild and effectual remedy for all those disorders which originate in vitiated action of the Liver and biliary organs, namely, Indigestion, Loss of Appetite, Head-ache, Heartburn, Flatulencies, Spasms, Costiveness, Affection of the Liver, &c. &c. DIXON'S ANTIBILI-OUS PILLS have met with more general approval than any other medicine whatsoever. They noite every recommendation of mild operation with successful effect; and require no restraint or confinement whatever during their use. In tropical climates where the consequences of redundant and vitiated bile are so prevalent and alarming, they are an invaluable and efficient protection. They are likewise peculiarly calculated to correct disorders arising from excesses of the table, to restore the tone of the stomach, and to remove most complaints occasioned by irregularity of the bowels.

There was a great quantity of Barley in Cork vesterday for which there was no huyers. The Brewers were taking, as usual, what was fit for their use, but the Distillers had all withdrawn from the market, in consequence of a proceeding on the part of the Excise Board, which they appear to think would destroy the Irish Distillery Trade. The loss of such a market for the bulk of the luferior Barley and Oats of this neighbourhood would be felt as great calumity, and we hope the cause of the absence of so many Buyers from this market will not long continue.

Owing to the continuance of contrary winds, the supplies are still prevented from coming in this week, and the pence of Wheat remains the same as last Monday's quotations -There is but very little good Burley left for safe, and the price is nearly nominal.
