or GREY HAIR will sure not be seen, by  
Prince's Celebrated Russia Oil, as it is so  
extra valuable ingredient, through which it  
is the greatest nourisher and preserver  
of the hair, will make it grow thick and  
prevent its falling off or ever turning grey; and is  
to the roots of the hair, that if it even has  
fallen off, will restore it again to its natural co-  
lour, and it will never turn grey again, and is  
useful from infancy to old age, and when  
used will always keep the head and hair clean  
and fresh. Gentlemen who have lost their hair, and have  
few roots of hair remaining, by using regularly  
Prince's Improved Russia Oil, with the  
beneficial ingredient, will be sure to restore it, and pro-  
mote the growth of hair, which hundreds have experienced.

and may be done in the thickening, strengthening  
of the hair, if there is the least sign of roots.

using their own or false hair, as it gives it a  
softness and curls it. Gentlemen wearing  
false hair use it instead of pomatum: also promotes  
the growth of hair, &c.

any person, as a Medicine Vender, Hair Dresser, or any one  
sells any Oil, that is not Prince's, they are impostors,  
and do wrong to their customers.

That Ladies and Gentlemen have complain-  
ed that the Russia Oil not being of service to the hair,  
and that unprincipled persons have sold

Gentlemen will be particular, as impostors in  
France, and other different parts of the Conti-  
nent, have counterfeited the Russia Oil so  
like the Genuine, and some more to deceive, falsely  
their counterfeit covers "the original" or  
"the Oil," and some even are so daring, as  
to put the Original Pro-  
prietor's name on their counterfeit, they are sent by the Proprietor,  
and the Attorney of the Original Proprietor, made  
known, therefore purchasers should be cau-
