the periodical returns of the various Busi-

most moderate Premiums: Corn Stores, with one Kilo,
containing stock consisting of Corn and Grain only, being
but a Singly Hazardous Risk, are Insured at 3s. per cent.
But Mercantile who have been informed by Insurance Agents

The wise principles, and honest practices, pursued by the
Concorporation of the Royal EXCHANGES Assurance during
a period exceeding a Century—their consequent accumu-
lation of riches and reputation—and their unvaried
liberality, have obtained for this Establishment the first
character among the Insurance Institutions of the Empire—
secured for it a corresponding public confidence—and given
it an extent of business, in this country, unattained by any
other Company.

The Persons Insured at this Office do not depend upon
an uncertain fund or contribution—are neither subject to
covenants, are liable by Acts of Parliament, to make
good the Losses which may happen—the real Capital Stock
