Lives are assured by this Company, are insured in decked vessels from one part of the Kingdom of Great Britain and Ireland to another, or to the Islands of Guernsey, Jersey, Alderney, and also to pass, in time of peace only, in vessels from British ports and places to any foreign port, without extra premium, and subject to apply, as heretofore, to the respective authorities.

Some of the rates of Premiums on Fire, viz:—

The skill and experience of this Company enable them to insure, and other special risks, at the safest and lowest Premiums: Corn Stores, with one Kiln, or Stack consisting of Corn and Grain only, being considered Hazardous Risk, are Insured at 3s. per cent. Those who have been informed by Insurance Agents that the Hazardous Premium will cover general risks contained in Corn Stores with Kilns, ought to examine their Policies, in order to ascertain if they are to be at all Insured:—So large a sum as £3000 is insured on Mill Risks.

The principles, and honest practices, pursued by the Directors of the ROYAL EXCHANGE ASSURANCE during the exceeding a Century—their consequent accumulation of riches and reputation—and their unrivalled success have obtained for this Establishment the first rank among the Insurance Institutions of the Empire—and a corresponding public confidence—and given to its business, in this country, unattained by any other.

Those Insured at this Office do not depend upon the funds or contribution—are neither subject to any loss, or liable by Acts of Parliament, to make any contribution which may happen—the real Capital Stock of the Corporation being an unquestionable Security to the
