TENT SLIP

THOMAS MORTON,
SHIP-BUILDER, LEITH,
I solicit the attention of those interested in matters, to a new method, invented by me, of building up an inclined plane, for which he holds his Majesty's LETTERS PATENT in the United Kingdom and Colonies.
The object of this invention is to provide cheaply docks, where it has not been thought expedient to construct them; and both in point of dispatch, it has been found completely answerable for which it was originally intended.
After the extensive experience that has been had of it, it is admitted to possess the following advantages and substantial Slip may be constructed, in the most expeditious manner, at about one-tenth the cost of the ordinary dock; and be laid down in situations that are almost impossible, from the nature of the ground, to have a dock built.

ROYAL EXCHANGE ASSURANCE,

Established by Royal Charter and Act of Parliament,
In the Year 1720.
FOR ASSURING BUILDINGS, GOODS, AND SHIPS FROM FIRE,
AND ALSO FOR THE ASSURANCE OF LIVES.

Office, No. 117, George's-street, Limerick:—
WHERE Assurance on Lives, and against Fire, can be sooner and easier effected than at any other Insurance Establishment in Ireland: Fire Policies are issued AT ONCE, without either sending for them to England, or consulting Directors, as must be done at other Offices; and Persons, whose lives are to be assured, have only to appear before the Agent; who does not require Medical Certificates. Lives Insured as high as £10,000; and at the advanced age of Seventy-five years.

Persons whose lives are assured by this Company, are allowed to pass in decked vessels from one part of the United Kingdom of Great Britain and Ireland to another, and to and from the Islands of Guernsey, Jersey, Alderney, Sark and Man, and also to pass, in time of peace only, in decked vessels, from British ports and places to any foreign port between Flushing and Usbant, without extra premium, and without being subjected to apply, as heretofore, to the Office, for special permission.
Manufactories, Buildings, and Goods of every description—Farm Houses, Cattle, and Haggarts—Ships in harbour, in dock, or while repairing, Insured at a moment's notice.

The following are some of the rates of Premiums on Assurance against Fire, viz.:—
Common Assurance 2s. per Cent;
Singly Hazardous 3s. Ditto;
Doubly Hazardous 5s. Ditto:—
The wealth and experience of this Company enable them to insure Mills, and other special risks, at the safest and most moderate Premiums: Corn Stores, with one Kiln, containing stock consisting of Corn and Grain only, being but a Singly Hazardous Risk, are Insured at 3s. per cent. But Merchants who have been informed by Insurance Agents that this Singly Hazardous Premium will cover general Merchandize contained in Corn Stores with Kilns, ought to carefully examine their Policies, in order to ascertain if their properties be at all Insured:—So large a sum as £3000 may be Assured on Mill Risks.

The wise principles, and honest practices, pursued by the CORPORATION of the ROYAL EXCHANGE ASSURANCE during a period exceeding a Century—their consequent accumulation of riches and reputation—and their unrivalled liberality, have obtained for this Establishment the first character among the Insurance Institutions of the Empire—secured for it a corresponding public confidence—and given it an extent of business, in this country, unattained by any other Company.

The Persons Insured at this Office do not depend upon an uncertain fund or contribution—are neither subject to covenants, nor liable by Acts of Parliament, to make good the Losses which may happen—the real Capital Stock of the Corporation being an unquestionable Security to the Assured.
Losses are paid, in full, without delay; and documents for Claimants are prepared gratis.
Bills of Rates, and every other information respecting Insurance, given by

JAMES MORGAN, AGENT,
No. 117, George's-street, Limerick.

But the sensibility of a husband that adored her, had to witness and feel, for what his affection could not prevent, and his greatest consolation now is, that her spirit has to enjoy the rewards promised to the good and just.
