LEEDS WOOLLEN-HALL,

Proprietors being themselves the real Manufacturers of every Article sold in their Concerns. are needless to expatiate on the advantages to be derived by purchasing at a House which alone is one of the most extensive Manufactories in England, where there are daily employed about 360 persons in the Manufacture, under the immediate inspection and controul of the Proprietors, who have obtained Patents for a mode of preparing their CLOTHS by Steam, which effectually prevents them from becoming worn or looking rough in course of wear.

J. T. BROOKS & SONS, Manufacturers.

For this week forwarded, via *City of Dublin Steam Packet*, to their Agent in Limerick, several Thousand **PER SAXONY BLACK and BLUE CLOTHS**; also **CLARET, OXFORD, OLIVE and GREEN** for Hunting Frocks; **DOUBLE-MILLED DEAB and BLUE CLOTHS**, for Box Coats; a great variety of **CLOAK CLOTHS, NAPS, COATINGS, &c.**; **DOUBLE-MILLED CASSIMERES** of every variety of **WAISTCOATING**, as now worn in London, &c. &c. forming altogether a Stock of **DRAPERY**, which cannot be excelled in this City.

THE LADIES

to a Stock of **PELISSE and HABIT CLOTHS**, among which are some beautiful **FRENCH GREY CLOTHS**, now so much worn in London and Paris.
