MISS BRIDGEMAN'S SCHOOL.

MISS BRIDGEMAN takes this opportunity of expressing her grateful sense of the favors which a liberal and enlightened patronage has bestowed on her Establishment, and to assure them that the exertions which have gained her such distinguished support, shall be most faithfully continued.—The plan which Miss B. announced when she first undertook the responsible and sacred trust of female education, has realized her best expectations, her object was to form the character of her pupils on those principles, which promote the soundest moral habits, in union with the instruction that polishes and adorns the mind; convinced as she is, that the foundation of all genuine improvement must be laid in Religion and Virtue, it has been ever her desire to connect their best influence with the polite and ornamental part of education. How far she has succeeded experience has shewn, she confidently appeals to the result of her efforts hitherto as the most convincing pledge of the utility of her future services.—In directing the conduct and education of the young Ladies entrusted to her charge, she trusts she is always actuated by an anxious desire for their improvement and happiness, and she feels that these are best promoted by an inseparable connection between those studies which cultivate the virtues, while they unfold the graces of the female character.—To give her PUPILS still greater advantages, she has taken that elegant Mansion lately the residence of General Sir JOHN LAMBERT, on Sidney-Terrace, whither she intends to remove her Institution during the present Vacation, which will terminate on the First of August.

ROYAL EXCHANGE ASSURANCE.

Established by Royal Charter and Act of Parliament, In the Year 1720, FOR ASSURING BUILDINGS, GOODS, AND SHIPS FROM FIRE, AND ALSO FOR THE ASSURANCE OF LIVES.
Office, No. 117, George's-street, Limerick:—
WHERE Assurance on Lives, and against Fire, can be sooner and easier effected than at any other Insurance Establishment in Ireland: Fire Policies are issued at once, without consulting Directors; and Persons, whose lives are to be assured, have but to appear before the Agent, who does not put the party to the trouble and expense of procuring Medical Certificates and other documents, which are indispensable at other Offices.
Lives Insured as high as £10,000; and at the advanced age of Seventy-five years.
Persons whose lives are assured by this Company, are allowed to pass in decked vessels from one part of the United Kingdom of Great Britain and Ireland to another, and to and from the Island of Guernsey, Jersey, Alderney, Sark and Man, and also to pass, in time of peace only, in decked vessels from British ports and places to any foreign port between Lussing and Ushant, without extra premium and without being subjected to apply, as heretofore, to the Office, for special permission.
Manufactories, Buildings, and Goods of every description—Farm Houses, Cattle, and Haggarts—Ships in harbour, in dock, or while repairing, Insured at a moment's notice.
The wealth and experience of this Company enable them to Insure Mills, and other special risks, at the safest and most moderate Premiums.
The Persons Insured at this Office do not depend upon an uncertain fund or contribution—are neither subject to covenants, nor liable by Act of Parliament, to make good the Losses which may happen—the real Capital Stock of the Corporation, being an unquestionable Security to the Assured. By this salutary system only can the Public be afforded substantial protection for property, and the stability of an Insurance Company permanently secured.
Losses are paid, in full, without delay; and documents for Claimants are prepared gratis.
Bills of Rates, and every other information respecting Insurance given by
JAMES MORGAN, AGENT,
No. 117, GEORGE'S-STREET, LIMERICK.
The importance of the effective Fire Engine Establishment which is kept up by this Office, is properly estimated by a discriminating Public.

THIS Office insures against loss or damage by fire, all descriptions of buildings, goods, wares and merchandize, ships in harbour and in dock, craft on navigable rivers and canals, and goods laden in the same, waggons travelling the roads, and their contents, and farming stock of all descriptions. The premiums charged by this Society are as low as the long experience of the Office has proved to be compatible with the nature of the risks, and with a prompt and liberal adjustment of losses.
Farming stock may be insured generally, in all barns and out-houses, or on a farm, without the average clause And a full explanation of this mode of insurance may be had on application to the Office, or to any of its Agents.
All payments for losses by fire are made by this Office without deduction.
The Sun Fire Office pays losses or damage by fire from lightning.
Persons may insure for more years than one, and in such insurances an allowance of 5 per cent, per annum, compound interest, will be made on the premium, and duty received for every year, except the first; and as the duty amounts to one half more than the premium, on common insurances, the allowance thus made is equal to 12½ per cent on premiums only.
A Powerful Fire Engine, with an Experienced Engineer ready at all hours in case of Fire, which greatly tends to public safety.
The SUN LIFE OFFICE insures at premiums which, under forty-five years of age, when the assurance is for the whole of life, and under fifty-five for shorter periods, are considerably lower than are generally required.
P. MURPHY, Agent.
Office, 118, George's-street, Limerick.

BRITISH COMMERCIAL INSURANCE COMPANY

FOUNDED FOR THE PURPOSE OF INSURANCE OF LIVES AND PROPERTY, The Purchase and Sale of Annuities, THE ENDOWMENT OF CHILDREN, &c. &c. &c. No. 35, Corn-Hill, London, AND NO. 111, GRAFTON-STREET, DUBLIN.
THE DIRECTORS of this Company, in advancing their claims to support, beg leave to state simply and plainly the advantages which accrue to persons insuring with them. In the first place, instead of promising any return of their profits, they grant Policies at Premiums much lower than those of other Companies, as may be seen by Schedules and Tables to be had at their Office.
They will receive Premiums Quarterly, Half-yearly, or Yearly, a convenience which has been already found to be a great object to Insurers, whose incomes make such payments desirable. Persons assured by this Company are not liable to be called on to contribute towards its losses, THE CAPITAL OF THE COMPANY BEING ALONE LIABLE.
And here it may be observed, in answer to the appeal for nationality put forward by the Agents of other Companies, who lay claim to public support from keeping their profits in Ireland, that the British Commercial Insurance Company, since their first establishment in this country, have vested their Premiums and Profits invariably in Irish Securities; so as to be immediately available for any demand which occasion may require; and moreover, that a large proportion of the Shareholders are

IRISHMEN, RESIDENT IN IRELAND; thereby extending to this Country all the benefits which a British Company united with Irish Shareholders in Capital and Interest could afford, not to mention the great saving in point of Premiums generally, the rates charged by the BRITISH COMMERCIAL INSURANCE COMPANY, being for certain Ages nearly twenty per Cent. lower than those charged by Companies claiming support for their nationality; nor does this Company require any extra Premium from persons passing between these Countries, or between the Texel and Brest, in Decked or Steam Vessels.
As opportunities are afforded to the Friends of this Establishment, on Quarter Days, to change their Policies of Insurance from other Offices, the Directors have to state, that such change can be effected at their Offices, without expense or trouble to the Insurer.
A liberal Allowance is made to Solicitors and others bringing business to this Establishment; and every information and facility given to effecting Insurances, by
MARTIN CREAGH,
Agent for Limerick, OFFICE, BEDFORD-ROW, Limerick, July 16, 1825.
