 The Branch of the Provincial Bank in Cork discounts  
 Bills at 4 per Cent. and allows 2 per Cent. on  
 deposits, for whatever period invested. On cash  
 deposits the Company invariably requires the joint security  
 of two persons, a precaution in general use in Scotland,  
 and productive of the best results. Money is advanced  
 on public securities, including bills, without requiring  
 to be discounted. Their liberality extends to landed  
 property and interest in tenements, &c. Bills on London  
 are payable at twenty-one days; and when the other branches  
 are closed, drafts on them will be given, to avoid the risk  
 of non-payment of remitting.
