THE THEATRE.—Sheridan's much admired Comedy of
 "The Rivals," introduced, for the first time, Mr.
 BROWN, to a Limerick audience, last evening, in a
 character of *Lydia Languish*. It would be worse than
 mere affectation to deny that this lady acquitted herself
 that very interesting part to the unmixed gratification of
 Boxes, Pit and Gallery. Her songs were given with an
 air of captivation that was really bewitching, and her
 figure dress and personal accomplishments united to a
 most graceful carriage, completed the spell of enchan-
 ment which her delightful vocal powers threw over the
 house. At present it is absolutely impossible to notice the
 other characters, but the most rapturous applause fol-
 lowed the performance.
