TO HENRY WATSON, ESQ.

Late Mayor of the City Limerick. SIR—The Chief Magistracy of the City of Limerick having passed into other hands, we feel it incumbent on us to express our warmest approbation of your conduct, during the three successive years in which you have been so deservedly and unanimously elected to fill the Civic Chair. Your discrimination and impartiality have been eminently conspicuous on all occasions, and the anxiety with which you have continually watched over the interests of the poorer classes in society, has done infinite credit to your head and to your heart. We have to congratulate you on your exertions in putting an end to the profanation of the Sabbath, which for years had prevailed, to the disgrace of the city; and we hope and trust that your successors in office will adopt such measures as shall prevent its recurrence. Permit us now to take our leave and to hope sincerely, that you may henceforth enjoy the happiness and comfort which must result from the recollection of your having most conscientiously discharged your public duty, during so long and unexampled a continuance in office. Limerick, October 9, 1826.

Shannon-View, October 9, 1826. My LORD AND GENTLEMEN. It has been thro' life my anxious wish, to merit the approbation and esteem of my fellow Citizens, and I flatter myself, that I have in a great measure attained that object, when I see the very numerous and most respectable signatures to the address you have done me the honor to present. The very exemplary conduct of the better class of the immense population of this ancient city, during the three years I was called to the Civic Chair, set such a continual example before the eyes of the dissolute and the idle, that there was comparatively, little to correct and consequently less necessity for official interference. To Society in general and to the constituted authorities in particular, I am mainly indebted for the praise you so lavishly bestowed, and I assure you, that however I may have erred in judgement, I have always had the interests of my Fellow Citizens at Heart, and that in no instance have I compromised the rights of the humblest individual in Society. I have the honor to be, My Lord and Gentlemen, Your ever grateful and very devoted Servant HENRY WATSON.

REAL HAVANNAH SEGARS, FOREIGN SNUFFS, AND TOBACCOES. ONE Hundred Boxes of the real Havannah, Cuba, Martinique, and Maryland Segars; Turkey, Or-nocco, Canaster, and Dutch Tobaccos; Princes' Mixture, Bollongaver, Stratsburgh, Black Rappee, No. 37; Ton-quin Mixture, English Gentleman, Scented Rappees, French Carrott, Estrienne, and Persian Latakia. Snuff, made up in the original packages, has been just received at GUERIN'S Fancy Ware-House, 28, Patrick-street. The use of Segars is recommended by the first Medical characters in Europe, in all cases of indigestion—or any affection of the lungs, for Bilious or Liver Complaints. A mild Segar, smoked before going to bed by the most delicate person, is found to act where Medicine has failed in many instances. THE TOBACCOES, independent of their uncommon mild-ness, possess the property when smoked of dispersing the most peculiar and exquisite odour around, entirely preventing thereby the disagreeable effluvia so much com-plaind of by Gentlemen as attaching itself to their cloths, after smoking the common Tobaccos. THE SNUFFS are recommended for general use, (in place of the dry Snuffs,) possessing the property of a fine delicate flavour, and not reaching to the palate like the common Snuffs. A variety of Pipes—real amber and fancy Segar tubes—Dutch, German, and South American Segar Cases—Tinder Boxes, Flints, and German Tinder—a Variety of Scotch Boxes—French and German Boxes—a few speci-mens of fine painted Snuff Boxes—Likeness of Miss Foote, Miss Low, Mrs. Quintan, &c. &c.—Persian Hooks—real Ecume de Mere Pipes, &c. &c.
