SIR,

THE Local Committee of St. Mary's Parish having noticed an enquiry made on one of your late Publications by P. S. of Rutland-Street, a Subscriber to the fund of the above Parish, as to "why his, with other Subscribers, he believes to a considerable amount, have not yet been acknowledged?" The Local Committee feel much obliged to P. S. for the opportunity thus afforded them of acquainting Him, and all other Subscribers to the fund, that, on the return of their Secretary from the Sea, (which is daily expected,) a satisfactory account shall be given to P. S.

unexampled zeal, and devoted skill, which he displayed in all trying cases of danger and difficulty.

Proposed by Mr. W. Lardner, sen. seconded by Mr. M. W. Talbot :

Resolved—That we regret and disapprove of the ungenerous and envious conduct of the Board of Health of this town, composed as it is, for the most part of Medical Men, in discontinuing the services of Dr. Silver—services which the town of Ennis can never forget, and shall ever appreciate with mingled feelings of gratitude and admiration.

Proposed by Mr. James Quirk, and seconded by Mr. W. Lardner, jun. :

Resolved—That the discontinuance of Dr. Silver's services cannot be attributed by the Board of Health to any dereliction of duty, or want of proper zeal and assiduity on his part, as the two following resolutions, unanimously agreed to at two several periods by a full meeting of the Board, may testify :—

12th June, 1832.

Proposed by Dr. O'Brien, seconded by Dr. Castle :

Resolved—That the thanks of the Board be conveyed to Dr. Silver, for the zeal and assiduity evinced by him in the discharge of his duty.

Proposed by Rev. Mr. Furlong, seconded by Reverend Mr. Barry.

Resolved—That our gratitude and respect for the exertions and services of Dr. Silver, during the afflicting period when Cholera was most malignant in our town, should not be confined to a declaration to that effect in words, however sincere ; but that we adopt means to forward a subscription for the purchase of some article of plate, which shall be presented to him with a suitable address from his townsmen, as a sensible and convincing proof of the esteem in which he is held amongst us.

Proposed by Rev. Mr. Barry, and seconded by Mr. P. R. Ryan :

Resolved—That a Committee be now appointed to carry the foregoing Resolution into effect, and that such Committee be instructed to use the greatest zeal, diligence, and despatch in forwarding the desired object.

No. XXXI, for September 1832,
(BEING 1st OF A NEW SERIES) OF THE
CHRISTIAN HERALD;

A QUARTERLY MAGAZINE,
CHIEFLY ON SUBJECTS CONNECTED WITH
PROPHECY.

EDITED BY A CLERGYMAN OF THE ESTABLISHED CHURCH.

"The words are closed up and sealed till the time of the end."—Many shall run to and fro, and knowledge shall be increased."—Dan. xii.

THE object of the CHRISTIAN HERALD is, as stated in the Prospectus (No. 1. January, 1830,) "to afford (chiefly) to those in the humbler walks of life, the means of obtaining information, on the most interesting and important subjects—to convey to them religious instruction in a cheap and popular form ; and especially to communicate to them those views of prophetic truth, with the light of which the Lord is now enlightening his Church.

With this object in view, the work has been hitherto carried on, with a great measure of success ; the Editor having numerous testimonies of its usefulness. It has met with a wide circulation, and has been favourably received in Great Britain, as well as in Ireland ; and has thus been recommended by the Editor of the Morning Watch, and by Mr. James A. Begg, of Paisley.

"We should rejoice at the establishment of such a work in every City of the Empire ; shall be glad to co-operate with every such labourer, and heartily bid him God speed."—Morning Watch, No vii Sept. 1830.

"We feel peculiar pleasure in recommending the Christian Herald to the attention and patronage of our Millenarian friends—Conducted with great ability, and with christian temper, and communicating in a popular form much information on the questions discussed, it is admirably adapted for general circulation, among those whose situation in life precludes their access to more expensive works, or whose education unfits them for comprehending arguments presented in a more abstruse form.
