**Limerick Select Seminary.**

IN consequence of the promotion of the Rev. Mr. Riordan, and at the instance of numerous respectable friends, the Rev. Mr. ELLIOTT determined on opening a Select Seminary in this City, and is now in possession of a large and commodious house, with a dry field adjoining, considered by the Medical Faculty as one of the most healthful and eligible situations in Limerick.

The course of Education comprised in Mr. ELLIOTT'S plan, embraces General Literature, Classics, and every branch of Science necessary to prepare young Gentlemen for the Universities, Naval and Military Colleges, East India House, and the Mercantile Department in general.

Independent of the Daily Teachers, who are of the first respectability, Mr. ELLIOTT is assisted by two Gentlemen residing in the house, one of them a Graduate of the Dublin University, and highly recommended by several of the Fellows; the other a native of France, and formerly Private Tutor in Lord Chichester's family.

From the numerous Testimonials which are in the possession of the Hon. George E. Massy, George's-street, Mr. ELLIOTT selects the following:—

"I have had the pleasure of knowing the Rev. James Elliott for many years, both in College (when I was his tutor) and subsequently. The highly respectable testimonials of attention and ability which he possesses, must render any statement of mine unnecessary; but I feel myself warranted to say, that I am equally convinced of his anxiety to perform his duty to his Pupils, and of his fitness to educate them for the University.

"J. H. SINGER, D.D. F.T.C.D."

"I have had the pleasure of knowing Mr. Elliott for many years, and am enabled, by personal observation, to bear ample testimony to the accuracy of the above statement.

"CHARLES BOYTON, F.T.C.D."

"I feel great pleasure in being enabled, by a long acquaintance with Mr. Elliott, to corroborate the testimonial of my friend, Dr. Singer.

"J. STACK, F.T.C.D."

Copy of a Letter to the Rev. Mr. Elliott by the Inhabitants of Sligo, previous to his leaving that Town, for Limerick.

Dear Sir,

We have heard with much satisfaction, that it is in the contemplation of Government, according to the Fifth Report of the late Commissioners' of Irish Education Enquiry, to establish a Diocesan, District, or Endowed School, in Sligo; and our gratification is not a little augmented, by our having learned, that you are to be nominated as Master.

This measure, so long a desideratum in this County—so deeply involving the best interests of society, and in which the future happiness of so many parents is concerned, has excited in us a lively interest in its promotion and perfection. We, therefore, request of you to inform us, of its truth if so, or if otherwise, that we may exert ourselves, collectively and individually, to accomplish so desirable a grant.

We feel satisfied we owe this exertion to ourselves and our children, and we should deem our success as eventually incomplete, if he, who, for a period of ten years, so anxiously superintended the moral and literary instruction of our children, was not to continue to reside amongst us, and perform the same interesting duties.

We remain with sentiments of the most friendly regards and personal esteem,

Dear Sir,

Your faithful Servants.
