University Honors of the first order, and an allowed character for unceasing attention to sound principles, domestic comfort, gentlemanlike demeanour, and solid literary improvement, WITHOUT NEGLECTING PUPILS OF INFERIOR ABILITIES.

Dr. KING willingly rests his credit on the truth of this representation, and trusting to the number of the best qualified Assistants, his experience and unwearied attention, and, above all, to that aid, without which human exertions are vain, affirms, that acquaintance with his system, the situation of the various buildings, Play-grounds, &c. at a short distance from Ennis, and the family arrangements, will justify his confident appeal to public attention.

EXHIBITIONS FOR SEVEN YEARS granted by the Governors; liberal prizes from the Bishops of Limerick, Clonfert and Killaloe, with silver medals and books conferred by the Principal, reward the meritorious pupils of this establishment.

N.B.—The communication between Dublin and Ennis effected for SIXTEEN SHILLINGS by Steam Navigation, while Coaches passing daily render travelling from other quarters, cheap and expeditious.
