THE LIMERICK CHRONICLE.

SATURDAY, JUNE 23.

We understand that an equitable adjustment of the
differences existing between the Dublin College of
Surgeons, and the British Graduates, with respect to
the proposed Medical Charities Bill, has at length
taken place, and that the deputies from those bodies
are now acting in unison to obtain a measure which
may secure an efficient management of our Medical
Charities, without prejudicing the fair interests of any
class of the medical profession. Petitions are getting
up in various quarters in favour of Mr. French's
amended bill, and against the clause in the new poor-
law proposed by Lord Fitzgerald, in their objections
to which the profession in this country are understood
to be unanimous.
