Logierian Music Academy 3, BEDFORD-ROW,

Under the immediate Superintendance of Mr. & Mrs. VICKERS, assisted by Miss VICKERS.
MR. VICKERS, has the honor of again bringing before his friends and the public this invaluable and justly esteemed system of Musical Education. He feels that for him to make protestations of his continued zeal for the improvement of his Pupils, would be altogether superfluous; he would rather make reference to the performance of those Pupils who have been kindly committed to his care within the last six years. This he can do with confidence, as the superiority of their playing has been too well known and appreciated to admit of contradiction.
Mr. V. further begs to add, that he adheres most strictly to the principles observed by him whilst he had the honor of conducting Mr. Logier's Academy in this City, and feels assured that his present exertions will be crowned with the same success as those of that period.
From the very many applications made to Mr. VICKERS, to receive Pupils in singing, he has been induced to devote a portion of his time to that accomplishment.
