...countrymen without punishment, which had it been offered by an enemy, would have received an instantaneous and well merited castigation.

"I remain your's, most sincerely. R. FRANKLIN, Mayor. Exchange, 27th June, 1840. "Sir Wm. Macbean, K. C. B. commanding the garrison of Limerick and district." "28th June. 1840. "My DEAR SIR—Many thanks from myself and the Troops for your kind expression of acknowledgement to us, with reference to the late occasion of riot here. Be assured we appreciate your flattering sentiments towards us all, most highly, and I hope that we shall ever give you cause to hold us in your good opinion. I send herewith a reply to your gratifying address from myself and the troops. "My dear Sir, most sincerely yours, "WILLIAM MACBEAN. "Right Worshipful the Mayor." "Limerick, 28th June, 1840. "Sir—In reply to your letter of the 27th inst. I have the honor to offer to yourself and the Magistrates assembled by special authority, our best thanks for the very flattering terms in which you have conveyed to myself, the Officers, and soldiers of the garrison, your acknowledgements, with those of the citizens, for our presence in support of the Civil Authorities during the disturbances that lately occurred in this City. "I assure you that it affords us much satisfaction to have contributed in any way towards the maintenance of peace and good order in the City, particularly under the circumstances in which it was effected; and further, that we shall at all times be ready, by every exertion in our power, to meet the views and decisions of the Magistracy, whenever such may be required. "I have the honor to be, Sir, your much obliged, very obedient servant, "WILLIAM MACBEAN, Major-General Commanding S. W. District. "To the Right Worshipful the Mayor of Limerick, &c. &c. &c." "June 27. "My DEAR SIR—I feel much pleasure in acceding to the wishes of my brother Magistrates, by transmitting to you the enclosed resolution—one which I feel is so well deserved by you, not only on the present occasion, but in every other where promptitude and discretion was so peculiarly required. "I remain, with every sentiment of respect, your's very sincerely, R. FRANKLIN, Mayor. "Lieut.-Colonel Mansel," K. H. &c. &c. "Limerick, June 28th, 1840. "MY DEAR SIR—In forwarding the enclosed, pray at the same time accept my best thanks for your friendly note. I feel much gratified by the expressions of approbation it contains, and also for the public testimony which accompanied it. "Believe me, my dear Sir, "Very faithfully yours, "Dr. Franklin, &c. &c. R. C. MANSEL. "Limerick, June 28th, 1840. "Sir—I beg you will convey to the Magistrates, and Citizens, and accept yourself, my cordial and sincere acknowledgments for the very gratifying Resolution I have had the honor of receiving. "I shall ever esteem this mark of their approbation of my services, which are at all times at the command of the authorities and Citizens of Limerick. "I have the honor to be, Sir, "Your very obedient servant, "R. C. MANSEL, Lt.-Col. A. A. G. "Rt. Worshipful the Mayor of Limerick, &c. &c." "Exchange, Limerick, 27th June. "MY DEAR SIR—I feel much pleasure in being the medium of transmitting to you the unanimous vote of thanks of the Magistrates of this City, for your great exertions in the suppression of the late disturbances. I would willingly expatiate on your valuable and useful services in your country's cause, but two-fold reasons prevent me; for to such a long-tried and useful public officer, who has so frequently had conferred on him public approbation, and the acknowledgments of his Sovereign's Representative in this country, it would be only a repetition of what you have so often received and merited, and from my connection with you, I might lay myself open to the imputation of going beyond my duty. I shall conclude by assuring you, I feel pride and satisfaction in obeying the call of my brother Magistrates, in transmitting their resolution to you. "And believe me, my dear Sir, "Your's, very sincerely, "R. FRANKLIN, Mayor of Limerick. "Thos. P. Vokes, Esq. "Chief Magistrate of Police." "Police-office, Limerick, June 29, 1840. "MY DEAR MAYOR—I had the honour to receive your letter of the 27th inst. conveying the vote of approbation which my brother Magistrates here, on the part of themselves and the Citizens generally, were so kind to confer on me on the preceding day. "Permit me through you, to return my sincere thanks for this additional mark of their confidence in my humble endeavours to support their authority, in carrying their humane intentions into effect on the late trying occasion, when, thank God, peace was speedily restored without injury to any person. "I have the honor to be, my dear Mayor, "most faithfully yours, "T. P. VOKES, "Chief Magistrate of Police. "To Richard Franklin, Esq. Mayor of Limerick." "DEAR SIR—I feel much pleasure in transmitting to you the enclosed vote of thanks of the Magistrates of this City for your exertions, and the truly efficient support afforded to the Magistrates by you, and the force under your command, during the late disturbances in this City. "Your's, very sincerely, "R. FRANKLIN, Mayor. "W. Williams, Esq." "Limerick, 29th June, 1840. "DEAR SIR—I had the honor to receive your letter of the 27th inst. conveying to me the kind feelings of yourself and the other Magistrates of the City, as well on their own part as on that of the citizens generally, for my conduct, and that of the Constabulary under my command, during the recent riots. "It shall ever be my pride to deserve the approbation of the Magistracy under whose directions I may have the honor to serve. "I have now only to thank you for your kindness on this occasion, as well as on every other in which I had to seek for your counsel and advice. "I have the honor to be, dear Sir, "your obedient humble servant, "WILLIAM WILLIAMS "Sub Inspector, First Class. "To Richard Franklin, Esq. Mayor of Limerick.

The Principal begs to return his most respectful thanks to the Rev. and learned gentlemen who so zealously and efficiently conducted the examination of his Pupils. From the marked success that has attended his literary labours in Kilrush, the Principal, in again thanking his friends and supporters confidently hopes that, as his entire time and all the energies of his mind are unceasingly devoted to the general improvement of the young gentlemen committed to his care, a minute detail of the advantages which his Establishment presents will be necessary to secure its permanence and respectability. N.B.—A competent English Master of assiduity and experience attends daily. The Children of the juvenile classes are, if possible, more the object of Principal's care and attention than those engaged in the higher branches of literature, and he would, therefore, fain remove an impression with many but too prevalent, that an establishment of this kind is not adapted to persons of tender age, it being notorious that numbers of grown young men are to be found, in rural districts more especially, drudging at elementary knowledge, at a time, when, had they been properly trained up in youth, they might be studying some of the learned professions, or laudably and beneficially engaged in mercantile pursuits. Business will be resumed on the 20th July. July 1.

AS FORESTER AND GENERAL GARDENER.

Hamilton Willis, 26, MOLESWORTH-STREET, DUBLIN, BEGS, with much respect, to intimate to the Nobility and Gentry of Ireland, that he has for many years devoted himself to the system of laying out Plantations, the management of Domains, planting, thinning, valuing Timber, with every other Branch of Rural Improvement calculated to enhance the value and improve the beauty of the Domain of the Proprietor, and to cultivate the moral and social condition of the peasantry of the soil. He hopes that his long and extensive experience in the duties of his profession, and the complete success which has attended his operations wherever he had the honour of being employed, will secure for him the confidence and continual support of all who appreciate improvement. He wishes particularly to call the attention of Proprietors to his plan of coping Oak Wood and saving the bark, as it is with pride he can state that the Bark saved by him has been sold at considerably higher prices than any other bark in this country, and has been looked upon by the consumers to be equal in quality with any English Bark. H. W. would further intimate that he has, from several Landed Proprietors, fixed employment at stated periods of the year, but that he can still devote a portion of his time on very moderate terms to any Nobleman or Gentleman who may honour him with their commands. Application (as above) or to HURLETON, BROADFORD. July 1.
