...officio Inspectors of weights and measures.

WATERFORD AND LIMERICK RAILWAY.—The Jury,

...whose names appeared in our last, were occupied since
...Saturday, investigating the claims of Mr. Thos. Purcell,
...proprietor of salt works and a limekiln at Nelson-street,
...parish of St. Michael, for injury to his premises by the
...Railway line. The inquiry terminated last evening,
...when the jury awarded the claimant £1,400 damages.

...It is the intention of claimant to appeal to the award.
...By consent, a verdict was had for Mr. Michael Clarke,
...for injury to his property in the same locality—damages,
...£400. The City Jury were then paid 120 guineas for
...their attendance, and discharged.

...The County Jury were sworn this day, at ten o'clock,
...to award compensation to claimants against the same
...Company. At the sitting of the court this morning
...Mr. Hatchell and Mr. Graydon, as counsel for Mr.
...Dickson, objected to proceed on the three precepts
...for his estates at Ballysimon, Miltown, and Garry-
...glass, stating a variety of errors in the pro-
...ceedings, and the impossibility of any finding
...upon them having a legal effect. Mr. McDonough
...argued that Mr. Dickson's appearance waived all ob-
...jections. Mr. Hatchell contended his appearance
...was merely to make his legal objections, which
...he had a perfect right to do. The Assessor,
...Mr. Bennett, Q. C., said he would allow the
...cases to go on; but, after a good deal of consultation
...amongst the counsel of the Company, finding that two
...of the precepts could not be maintained, they gave up
...Ballysimon and Garryglass, for the purpose of issuing
...new precepts, and proceeded on the one for Miltown.—
...Mr. Dickson and his counsel withdrew, objecting to
...the case being gone on with—after which, the Company's
...Valuator was examined, and proved the value of Mil-
...town to be £3 2s. 6d. an acre, and at 15 years pur-
...chase, and £50 for severance. The Assessor charged
...the Jury, telling them that they might find less if they
...pleased, whereupon they returned a verdict of
...£245 6s. 3d. By consent the company compromised
...with M. Gavin, Esq. for £1550, without costs, for
...damage and injury to his property at Crossagalla.

...The High Sheriff of Clare, Hugh Palliser Hickman,
...Esq. on Saturday last, presided at a county meeting in
...Ennis, to represent to Government the failure of the
...potato crop, and the distress which much arise for want
...of employment, by the labouring population, on pub-
...lic works—to advise amendments of the Drainage Act—
...for the reclamation of land, and the establishment of
...a tribunal in Dublin, to facilitate Railway projects.
...These important matters, which are based upon justice
...and expediency, were put forward by John O'Brien,
...Esq. M.P. Cornelius O'Brien, Esq. M.P. John Singleton,
...D. J. Wilson, W. Butler, W. J. Skerrett, W. Smyth,
...and F. J. Fitz-Gerald, Esqrs. We refer to the resolu-
...tions, and the memorial to the Lord Lieutenant.

...The ship, "Sir Henry Hardinge," the property of
...John N. Russell, Esq. of this city, is now in London,
...loading and taking passengers for Bombay, whence she
...will proceed to China and home with cargo of tea. She is
...pointed out as the handsomest ship in the Saint Kath-
...herine's docks.

...accompanied by Sub-Inspector Brownrigg and 20 Police
...from this city, and at whose approach the insurgents
...cautiously reduced their outlying scouts, but still
...kept firm possession of the ground, and distinct-
...ly refused to move off. The surrounding
...hills were covered with people, who began to con-
...ceal their fire-arms, but made a strong show of pitch-
...forks, spades, and shovels. Mr. Tracy advanced quietly
...within hearing of some of the main body, and stated
...that it was his duty to order an illegal assem-
...blage of persons like that before him to disperse,
...and he would be compelled to enforce the law,
...if they did not obey the constituted authorities—that
...he did not come there to serve ejection processes, but
...to protect the peace from hostile demonstration. This
...explanatory remonstrance induced some of the crowds
...to retire, but many held on, and would not stir, until
...Mr. Tracy had twice read the riot act, and a third time
...was doing so, when the Police and Military advanced
...at the charge, and the whole multitude retreated before
...them, some quickly, others slowly and reluctantly,
...whilst more at a distance were seen wielding in defi-
...ance their farm implements, and shouting to their
...friends and before the military "steady—keep
...your places." Having cleared the ground of the
...insurgents, who dispersed in various directions, fortu-
...nately without a collision, military and police,
...after about an hour's halt, returned to garrison at seven
...in the evening, having brought in with them three
...prisoners, Pat. Ryan, John O'Brien, and John Bourke,
...who had been taken with stones in their hands, shout-
...ing and exciting to a riot.

ENGAGEMENT OF THE POLICE AND ROCKITES.

...Sunday evening, about 7 o'clock, the Annacotty Police
...were on the usual nightly patrol, and unexpectedly
...encountered, at the turn of the road near Lieut.-General
...Sir Richard Bourke's seat, Thornfield, a cluster of ten
...or twelve armed men. The police party consisted of one
...constable and three sub-constables. Before a word was
...exchanged a close fire was poured in upon the police,
...who immediately returned it, but the first discharge took
...effect upon Constable Thos. Comyns, and sub-constable
...Davis, the former having received a gun shot in the upper
...region of the chest near his shoulder, where the ball
...lodged, and the padding of his jacket providentially
...turned off another ball, which would else have proved
...fatal. Sub-constable Davis received a shot in the ear
...which perforated the cartilage, and entered behind at
...his pole, fortunately not wounding a vital part. Another
...ball struck the front of his cap, and was turned up by
...the wire plating, which most providentially pro-
...moted its ascent immediately over the forehead,
...and through the cap. The wounded policemen were
...notwithstanding this almost desperate condition,
...able to return the fire of their adversaries again,
...and those fellows, though more than double the number
...of the police party, retreated by Ahane, carrying off one
...of their force, who was heard to fall, and groan, as if
...wounded in the conflict. The Police found upon the
...immediate scene of action a heavy loaded pistol, which
...it is most probable the disabled man had dropped. Sub
...Constables Beckett and Graham considering that
...pursuit would be idle, if not imprudent, returned
...slowly to their barracks at Annacotty, supporting
...their two wounded and bleeding comrades. When
...the report of this dangerous and unequal contest was
...brought to town same night, with a request for sur-
...gical aid, the City Police, 24, being all that could be
...spared off duty, repaired in double quick, under Sub-
...Inspector Brownrigg, to Annacotty and Ahane, when
...they traversed the country for miles until day light,
...in search of the armed Rockites, and entered several
...houses on their route, but in vain, as they found no
...trace of the gang. Surgeon Lloyd yesterday cut the
...ball from behind the ear of Sub-Constable Davis, but
...Constable Comyn continues in a state of great danger,
...as the ball in his breast has not been extracted. Both
...police were brought into the constabulary barracks
...yesterday, where they are under professional care.

...Perhaps, it was fortunate, in one respect, that the
...Anacotty police met with the above gang on Sunday
...night, as it is now credibly supposed they had
...planned the murder of Ryan, the bailiff, on the Moly-
...neux property at Knocksentry, and were on their fatal
...mission when the brave though insufficient Police party
...encountered them.

FIRST MURDER.

...Laurence Leahy, an industrious farmer, of good
...circumstances and reputation, was barbarously mur-
...dered on Sunday evening last at six o'clock, by five
...armed men, who entered his house at Ballyneety, ad-
...joining the lands of Drumbanny, the estate of Sir Mathew
...Barrington, and after a desperate struggle with their
...unfortunate victim, who determined to sell his life
...dearly, left him as they supposed a mangled corpse on
...the floor, in the embrace of his distracted wife and
...eleven children, who in vain implored mercy from the
...ruthless miscreants, and sought to arrest their mur-
...derous hands. The wretched wife and mother, who is
...far advanced in pregnancy, flung herself upon the body of
...her wounded husband, when overcome by his assailants,
...and felled to the earth, after standing two gun shots,
...and blows from the stocks of guns and pistols that
...had been discharged at him. The infuriate demons
...turned upon her next, cut her head in two places while
...she lay in that prostrate condition, tore her dress, and
...beat her little children, whose piercing shrieks could
...not be restrained at the harrowing spectacle before them.
...David Walsh, the servant boy, who offered to assist his
...master, was knocked down and severely maltreated, and
...they almost broke the back of a young boy, the son of
...poor Leahy, who dared to manifest beyond his
...years the sympathy and spirit of a man at the outrage
...he beheld. Having consummated this horrible tragedy,
...by sacrificing the husband and father to their
...savage vengeance, the murderers departed from the
...happy home which they have made a scene
...of indescribable misery and desolation, the forlorn widow
...and helpless orphans clinging to the body with bitter
...lamentations over those wounds from which the life
...blood was fast pouring its crimson tide.

...The ferocious miscreants on their departure fired a
...shot, and one of them exultingly said, "he'll take no
...land again."

...Leahy, when raised from the ground, rallied for a
...short interval, and having recovered his speech, in the
...presence of his wife and a neighbour, who supported
...him, was able to state that he knew well two of the
...gang, (naming them) and that they were in gaol before
...for the murder of Pat. Shine. Providence mercifully
...spared the dying man to make this declaration, for he
...did not survive an hour after. It is a remarkable fact that
...Mr. Shine, a respectable farmer, who resided little more
...than a mile from Leahy, was murdered in his house,
...under almost precisely similar aggravating circumstances,
...that very day four years.

...Patrick Byrnes, and Patrick Hartigan, were arrested
...on Monday, by the Ballyneety Police, for the murder of
...Laurence Leahy, and brought into gaol by a detach-
...ment of the 85d, who left this garrison for the purpose
...of assisting the Police escort. These two fellows have
...been more than 12 months in prison, on strong suspi-

...according to the testimony of Doctors Wilkinson and Parker,
...it appeared that Leahy's right leg was dreadfully frac-
...tured, as well by the gun shot wound as by the blows
...received; he had also two extensive wounds on the
...head, and one on the nose. Leahy was the father of
...11 children, and his wife near her confinement.

...The scene on the melancholy occasion of holding the
...inquest was most heartrending—the shrieks and lamenta-
...tions of his numerous family would pierce the most
...obdurate breast. Hundreds of the peasantry assembled
...around the house, but evinced little compassion or
...commiseration at the horrifying spectacle before
...them. The Jury returned a verdict of wilful murder.

SECOND MURDER.

...An awful murder was perpetrated on Monday last, at
...Anglesborough, in this county, six miles from Mitchels-
...town, and connected with the letting of land, when a
...respectable farmer, named Lynch, was shot dead on the
...public road, and within 20 yards of his dwelling, at
...mid-day. Mr. Knaresborough, S.M. Major Hill, 54th,
...Dr. Phelan, and the Police, were in a few hours on the
...spot, when the corpse of the murdered man presented
...an awful appearance, having four wounds in the body.
...The shots were heard by his family and neighbours,
...and the assassins were seen running off. It was a
...heart-rending sight to witness the sorrow of his
...bereaved widow and her orphan children. The Police
...of the district cautioned him about his farm, as he was
...a marked man; and it is only a short time since Sub-
...Inspector Burke and his party were secreted in Lynch's
...house all night, from information gained by that active
...officer and his Constable, Lodge, that a plot was made
...to attack and murder the unfortunate man.

...The lands of Drumbanny, were traversed on Monday
...night, by an armed gang of ruffians, who visited the
...cottages of those farmers in the neighbourhood of the
...scene of Leahy's murder the evening before, and
...threatened every person who they suspected could give
...information of the perpetrators of that foul deed.

...The house of Mr. Mat. Larkin, at Drumbanny, was not
...visited or attacked by an armed party, the same night,
...as reported in town.

...At Kishyquirk, within a few miles of this city, the
...houses of the following farmers, all tenants of the Earl
...of Clare, in that district, were attacked by armed men
...on Friday night, and who took a gun each from William
...Donnelly, Thomas Collopy, Thomas Collopy (William),
...Patrick Lynch, and John Finucane. The same maraud-
...ers attacked the houses of John Collopy, Thomas Fitz-
...gerald, and Mathew Bourke, also tenants of Lord Clare,
...but did not succeed in their search for arms. They
...found an old gun with John Welsh, of Cloghnadromin,
...but left it behind as unserviceable.

...Sunday evening at an early hour, a Rock notice was
...affixed to Peafish house, near this city, the residence of
...Mr. William Roche, threatening him with Captain Rock's
...vengeance, unless he remits the rent of potatoe ground
...which he had set at 30s. an acre under the general rate,
...and subsequently reduced 40s. the acre; but this was
...not sufficient. Mr. Roche gives liberal and constant
...employment in the neighbourhood at 1s. a day to farm
...labourers, beside food, yet such is his reward.

...On Monday night, the house of John Connors, at
...Dunmoylan, near Shanagolden, a tenant to the Earl of
...Clare, was attacked, and the proprietor very severely
...beaten, and ordered to give up land he had lately taken.

...Every night and morning shots are firing at both
...sides of the river, at Castleconnell and Doonass, to the
...terror of the families of those gentlemen residing in the
...vicinity.

...A few evenings ago, a party of armed fellows knocked
...at the residence of Mrs. Brown, at O'Brien's-bridge,
...(within a few yards of the Police Barrack,) and left a
...notice, signed "Molly Maguire," commanding her son,
...Henry, on pain of death, to give up the collection of the
...rents on the property of his brother, John Brown,
...Esq. J. P. of Clonboy.

...Thursday evening a party of six men entered the
...house of John Murphy, on the lands of Laharden,
...county Clare, and beat himself and daughter in a very
...severe manner, and carried away two guns.

...Friday last an armed party came to the house of the
...Widow Lequire, who resides at Beah, near Pallaskeyny,
...and demanded fire arms; the widow made answer there
...were none in the house, however, they made diligent
...search, but did not find any. Fortunately her son hap-
...pened to be from home on this night, and the party
...withdrew after making use of violent threats as they
...did not succeed in making out the gun, which he had
...returned to a gentleman in the forenoon of same day,
...from whom he obtained it to shoot crows.

...Same night an armed party attacked two keepers
...placed in a farmer's house at Ballysteen, by Darby
...O'Grady, Esq. in the neighbourhood of Pallaskeyny,
...for non-payment of rent. They were ordered not to
...come there any more, or if they did they would certainly
...meet with immediate death.

...Saturday night Constable Flynn, with a party from
...Pallaskeyny, succeeded in arresting a notorious charac-
...ter of the name of Manix, for whose apprehension there
...were three warrants issued, one for attacking a house,
...another for appearing in arms, and the third for assault-
...ing the inmates. Manix was concealed in a turf boat
...at Ringmoyle quarry. This man was on the run for the
...last twelve months, and were it not for the exertions
...of this efficient Constable, he would have made his
...escape altogether.

...On Monday Sub-constables John Carr and Robert
...M'Loughlin, of Manister, arrested Patt Walsh, near
...Tory-hill, and same evening also arrested William
...M'Keniry near Hospital, a distance of 11 Irish miles,
...and lodged him in Bruff bridewell. They are both
...charged on suspicion of the murder of Leighry, at Bal-
...lyneety, on the night before. The men arrested are of
...bad character.

...The gun taken from the house of the late Mr. Robert
...Hall, of Lisnagry, by an armed party, on St. Stephen's
...night, was returned on Friday night, and was found in
...the yard in the morning.

...Arrested on Sunday night, by Sub-Inspector Enright,
...Head-constable Sanderson, and party of the Cappa-
...more Police, David Dundon, and John M'Cluskey,
...commonly called "Jack the Rag," for attacking the
...house of John Gorman; two of them armed with guns,
...and a third who is not arrested was armed with a scythe.
...They handed Gorman a threatening notice, and beat
...his son severely. They are fully committed for trial by
...William F. Holland, Esq.

...Committed for trial from Charles bridewell, by John
...Gore Jones, Esq. R.M. on charges of murder, attacking
...houses, &c.—Philip Maher, Michael Meara, John Con-
...way, John Kennedy, Edmund Ryan, and Thomas
...Dwyer.

...At Rooskey, county Roscommon, Constable Balfour,
...and 20 Police called out to protect the Shannon naviga-
...tion improvement works from the violence of labourers
...who have combined, were obliged to retreat before 600
...Molly Maguires, who broke the jaw-bone of one police-
...man, and eight of his teeth.
