noman Catholic Faith, received from the 1st February to the 1st March, inst., £343.

Arthur Lloyd Saunders, Esq. of Killarney, whose death we announced, fell a victim to typhus fever, after an lithess of seven days. Time was not afforded him to arrange his wordly affairs, and he died intestate. The wants of the poor stil in als mind, mid the delirium unpermost sickness, he spoke of " the committee, the door, provisions, and supply." The Killarney refief committhe announce their intention of raising a tablet to the memory of Mr. Saunders, to record his charity and de-votion to the poor. If private virtues and public worth entitle man to this distinction, Mr. Saunders was deserving of it from the relief committee and people of Killarney. Mr. Saunders has left two sisters, Mrs. Andrews and Mrs. Durant.

The long projected Public Bakery is at length fairly started, and with the most marked success. It was opened restorday morning, when the street in which the bakery is situate—Smith-street, off Old George's-street and the South Mall—was thronged by many hundreds of eager purchasers. In a very short time an enormous quantity of bread was sold ; and still hun-freds of applicants for " cheap bread" remained. During the day, the receipts amounted to £80-for which the purchasers received over 4,800 two lb. loaves, of excellent bread, free from adulteration, and accurate in The quartern, or four pound loaf, was sold weight. at eight-pence-farthing; which price averaged three half-pence lower than the baker's price for the same description of bread .- Cork Examiner.

 Richmond Ward meets on Monday evening to forward the Joint Stock Baking Company. The inhabitants of Castlebar, in self-defence, have

subscribed to establish a joint stock bakery. There is great distress in Tipperary, where W. H. Massy, Esq., I.P., chairman of the town commissioners, employs all his time and influence to provide relief for

Lieut. Lynch, R. N. emigration agent at this p iss received a communication from her Majesty's Emi-gration Commissioners that Texas is not a desirable place for settlers from the United Kingdom, as sickness

and poverty are likely to attend an adventure there. Upwards of 450 persons will emigrate from this city to Quebec in a few weeks. The great anxiety to emigrate to America is most extensive in the south and

gest of Ireland. A dangerous fire broke out on Monday morning, in the house of Mr. Malone, baker, High-street, from over-heating of the oven. The prompt slarm of the pight-watch brought up the St. Michael's fire-engine. which soon suppressed the flames, with no material damage to the interior. The concerns are insured at

the Scottish Union office. Michael M'Loghlen, shopkeeper, of Gort, complains of having been related of £140 and two casks of butter, on Tuesday night.

The Bunratty Relief Committee, at their meeting on Medaesday last, came to a resolution, requesting the Engineer in charge of the works in their district, not, during the present agricultural requirements of the sasson, to employ horses, now so necessary to the far-mers in ploughing and harrowing. This is a resolu-tion, the adoption of which we would strongly recom-

mend to other committees through the country. The Birr relief committee have substituted rice for bread at the local relief soup-kitchen.

Thomas B. Stoney, Esq. of Portland, has offered all his cottier tenants holding under five acres of land, ten pounds per acre if they wish to emigrate to America this season, and also to forgive them all rent and arrears now due, so that several will avail themselves of this liberal offer. The land surrendered will be apportioned amongst deserving tenants on the estate. Lord Cloncurry has remitted to the small tenants on his estate at Abington, in this county, all their arrears, and to those of them who paid as half-year's rent he gave them a receipt for a whole year. From his wealthy

gave them a recept for a whole year. From his wealthy tenants he reduced 25 per cent, and he is a subscriber of 50 guineas a year to the relief committee.

Thomas B. Martin, Esq. M.P. has given to the Outerard Dispensary a supply of rice, burley, and wine for the use of the sick poor.
