### *Tippo Sultan,*

Pedigree at Sale.

And all the Utensils belonging to the Dairy.

Mr. Marshall cannot avoid calling particular attention to this important sale, as from his great experience can with safety say he has not for a long time seen a Herd so likely to pay the Dairy Farmer. They are principally Short Horns, and Dutch or first crosses both. They are of choice quality; in good condition from being well wintered; are of the right stamp; possess all the necessary ingredients so required for Dairy purposes, and for which this Herd is always remarkable. Most of the Cows are in Calf to the pure bred Imported Short-horned Bull, "Tippo Sultan." [The young Heifers are nearly all got from Lord Kingston's Stock. The Yearling Heifers and Calves show a deal of breeding; they are handsome and thrifty. The undoubted judgment of the proprietor, who neither spared labour or expense in the breeding and rearing of this truly valuable Herd, should very much enhance their value.

The Sale will commence at 11 o'clock sharp with the Utensils, as all will be sold in one day.

Purchasers to pay the commission of five per cent in addition to their bidding.

Approved accepted Bills, with Stamp and Interest added, will be taken for any sum over £20, but they must be approved at least three days prior to sale, by
