Lord Clifden, a young Irish peer, has been more successful on the English turf this year than any other Irish sportsman. He carried off most of the prizes at Newmarket.

#### TO THE EDITOR OF THE LIMERICK CHRONICLE.

SIR—Had you not mentioned my name in your report of the proceedings of the late "Revision Court," I might not have felt myself called on to make any remark, but, as you have, I cannot pass over its incorrectness. The Town Clerk did not read at that court any opinion of counsel on the subject of the non-payment of poor rates, nor was he called on to do so. The Burgess List was made out without any reference to the payment, or non-payment of taxes—and no objection being served, we could not remove any name from it, except in case of death. I objected to a claim where a party had not paid his taxes, but the majority of the court was against me.—In fact, my "revision" was legalizing an illegal act.

Your obedient servant,  
GEORGE T. HILL.

Mary widow of the late Captain Hollinsworth. 10th Regt. and daughter of the late Captain Frazer, 80th.
