DEATHS.

Sunday night last, at his residence in Newport, Tipperary, to the irreparable loss of her young family, Margaret, the faithful and beloved wife of John Cullen, Esq. after a lingering illness, the result of premature accouchement, and leaving eight children to deplore with their afflicted father the fondest of mothers and most devoted of partners. A vivid remembrance of her domestic virtues, and of the charities she dispensed to the sick poor, will be long cherished in the affections of all who can estimate her moral and religious worth, combined as it was with endearing amiability of manners. “Peace and good will,” which breathed around her parting soul, gave consoling evidence to relatives and friends of that beautiful passage in the Gospel—“Thou hast made known to me the ways of life; thou shalt make me full of joy with thy countenance.” Long may the impression of such good example endure in the bosom of her family.
