nt; and the Rev. Mr. Kavanagh,  
ege.

ll be held on Monday, April 7,  
udy hall of the sacred heart con-

. Bulger, Quartermaster of the  
made a present of a number of  
e female schools of Clare village,  
ongst the best deserving pupils.  
, in reply to a letter from the  
erford Mechanics' Scientific Insti-  
become a patron, politely declines,  
demands made upon him in con-  
stitutions of his own diocese, adding  
could be made it would be in favour

eting, presided over by Rev.  
Clare Castle, who held in the  
village, on Sunday. The Rev.  
laghan's Mills, was as usual at all  
throughout Clare, the chief  
a satisfactory adjustment of the  
ndlord and tenant.

ne specimens of Waterproof mate-  
s des Bassines," manufactured in  
both in France and England, and  
ed every material hitherto used in  
g the roof of temporary buildings,  
ve suffered from damage, packing  
ortation, and for vessels and tubes  
ic, photographic, and other chemi-  
national academy of France, after  
ile' to the strictest examination,  
rof, has approved of it, and recom-  
option, and it was consequently  
government for the partial cover-  
in 1855—and with the most satis-  
material was tested in our presence  
e abundant evidence of its valuable  
poses mentioned; and as the price  
e have no doubt of its speedy intro-  
untry. For covering army and hos-  
ons, temporary workshops, cattle  
e found most serviceable, being im-  
er, and possessing great durability.  
e informed, about 2 francs, or  
ard.

daughter of Mr. Robert Spence Ballynafeigh.
