Engineer:—W. R. L. Le Fanu, Esq.

In consequence of urgent repres-
them, supported by the authority and
ration from William Dargan, Esq., a
Southern and Western, and the Wat-
merick Railway Companies; the D
Limerick and Foynes Railway Com
that the advantages which their line is
on their Proprietors and the Public, wi
promoted by the opening of Railw
between Kilrush and the rapidly exten
perous Bathing place of Kilkee, have
in case sufficient capital be subscribed, t
be made to Parliament in the next Ses
to raise a sum of 35,000*l.* in 1,400 share
for the execution of the proposed line, to
under their management and control.

To any resident of the south-west of
must be unnecessary to state how Kilke
within comparatively few years, from
Fishing Hamlet into a place of crow
hionable resort, and how the number
induced thither every succeeding Sun
attractions as a Bathing Place, and
beauties of the neighbouring coast of t
continues yearly to increase. But the
regular periodical communication with L
the Steamers on the Lower Shannon are
sail at varying and uncertain hours to su
land the inconvenience of the present mod
sing to and from Kilrush, have operat
serious difficulties in the way of access
from the more distant parts of the country.

This disadvantage, the opening of the L
Limerick to Foynes Harbour next Sum
great extent overcome, but the Directors
of rendering the line of communication co
they feel assured that the great and increas
Traffic to and from Kilkee would be so
increased by the facility of intercourse t
Railway would afford, as to render it ampi
tive for the very limited outlay it requir
completion of this Line Passengers will b
take out through Tickets by Rail and Ste
Dublin, Cork, Waterford, and all intermed
via Limerick and Foynes to Kilrush and
can count with precision on the actual tim
the West Coast will require.

It is proposed to receive Subscriptions
additional Capital, (nearly half of which
been subscribed) under the head of "Sh
B," so as to distinguish it from the orig
of the Limerick and Foynes Company, suc
tions to exclusively appropriated to the K
The direction to be in the hands of the pro
tors adding to their number proprietors in
the County of Clare interests, and powers l
by the Act of incorporation to amalgamate
dertakings if a majority of $\frac{1}{2}$ of the proprie
so determine. It is further proposed to
powers to make arrangements for the imp
the steam communication between Ki
Foynes, so that the stream of traffic will b
rupted, and the Line from Limerick to F
benefit from the Kilkee Summer Traffic,
Kilrush and Kilkee Line will participate i
vantances connected with the Limerick a
transit throughout the year.

The proposed Line will commence at t
Pier at Kilrush, have the Station in the tow
be about seven miles in length. The cost is
at £5,000 per mile, and the calls will be me
wanted for the Kilrush and Kilkee Line.

As the application to Parliament will dep
subscription of the full amount required for
way, this Prospectus is issued for the
enabling parties who are desirous of prem
make immediate application for Shares.
