I wish respectfully to dir Public to a subject which is importance to almost all cla private gentleman because a him 5, 10 and sometimes 15 penditure. To the hard wor ing man because they are of To the country shopkeeper l from an endless variety of s merchant and warehouse-ma lish business on a more honc moral basis; and to servants and such like, because it wo more upright conduct to the the practice so general of br of procuring their master's are few (excepting those wh an adequate idea of the exte is carried out. I have see variety of ways that I am at in order publicly to expose s so ramified. But firmly c tices are unfair, unjust, dish suade me from using every i keeping down such method more especially as I have t business to my own great vents me from entering into would wish in one letter, th a continuation of articles on may be very generally read desire unnecessarily to mak way. I do so in self-defenc mon with many who hold trade against a sweeping tid have tried quiet argument v gers at the counter, enterin deterred me from conformi all this proving in most cas through the medium of the of the intelligent public on
