

The danger which at present  
and Austria is, that, under a  
titanic like hissing and delays,  
into chaos, and the fertile plains  
a more battle-field for contending

**THE HUNGARIAN DIET.**

The following is a more complete  
aft of the address which will be  
ay next in the Lower House of

es that the apprehensions enter,  
notwithstanding the promises and  
of the national rights contained  
request of the Diet for an im-  
ment of the constitution has not been

ests the Emperor not to render a  
sitation impossible by postponing  
of the legal basis of public affairs,  
flows:—"There are situations in

which can never be maintained  
Always dangerous, such a portion of  
present day particularly perilous  
sationed by great European ques-  
produce serious complications.—

and those of the empire generally,  
tely not in order that we could  
he emergencies that might arise;  
one might reach us by some unfore-

sents his Majesty to grant means  
to the Diet for effecting a satisfac-  
"Before all," it continues, "it is  
end that the constitution of Hun-  
pletely re-established.

the interest of our own country  
of the dynasty, and of the whole  
lands are justified by the funda-  
form the basis of the mutual legal  
as and the Imperial dynasty. That

yal Rescript which refers to the  
Austria and Hungary, and to the  
nittee of Fifteen, can only be dis-  
diet is in a position to consider the  
al scheme, and to pass resolutions  
eto. The address again requests

upon whom sentences have been  
exiled for political offences shall  
be fulfilment of these requests can  
Hungarian nation, and give hope  
out of a successful compromise."

the address requests his Majesty  
fulfilment of these demands, and  
Diet has learned with great satis-  
Royal Rescript, that the Emperor  
uses in his other provinces also the  
sterial responsibility.
